NARRATIVE OF SPECIAL FUNDS DETAIL AND TREASURY FUND/BANK ACCOUNTS

Mississippi Department of Transportation (941-00)

Name of Agency

FEDERAL FUNDS

The Federal Highway Administration provides the primary source of federal funding for the Mississippi Department of Transportation ($571.6 million in FY 2020). Also, the Federal Transit Administration, the Federal Aviation Administration, the Federal Rails Administration and the Department of Public Safety provided funding to the Mississippi Department of Transportation ($20.8 million in FY 2020) for a total of $592.4 million in federal funds in FY 2020. For the FY2022 request, we anticipate additional reimbursement from the Federal Transit Administration for CARES Act funds in the amount of $25 million. As part of the FY2020 CARES Act, the Federal Transit Administration allocated $49.7 million in Section 5311 Rural Area funding to be administered by MDOT's Public Transit Division. 100% of this funding will pass through to local transit agencies to be used on operations and capital expenditures.

OTHER SPECIAL FUNDS

The state's Motor Fuel Tax provides the primary source of state funding for the Mississippi Department of Transportation ($292.3 million in FY 2020). Other sources include Truck and Bus Privilege Taxes/Permits ($72.3 million) and Tag Fees ($17.7 million). Beginning in FY2021 and continuing into FY2022, MDOT expects to receive reimbursement from the Lottery Proceeds Fund for projects that are designated by the Transportation Commission to receive funding under that program.

TREASURY FUND / BANK

MDOT maintains twelve imprest bank accounts with total deposits of $1,050,000. MDOT also maintains several collection accounts from which money is collected and deposited into Fund 3941.

PROGRAM NARRATIVE

REVISED: 9/30/2020 9:43:00 AM

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	1 - Maintenance
Name of Agency	Program Name

I. Program Description:

MDOT's maintenance program consists of all routine activities necessary for the preservation of the state and federal highways of Mississippi. Routine maintenance activities include restoring the roadway surface by patching potholes, patching and blading roadway shoulders, assuring proper right-of-way drainage by ditch cleaning and drainage improvements, controlling roadside vegetation by mowing and herbicide applications, and the replacement of pavement markings and traffic control devices. Extraordinary or major maintenance activities include hot mix asphalt overlays, seal coats, and drainage structure replacements. When necessary, removal of snow and ice, and roadway and bridge emergencies become top priority. USDOT does not allow routine maintenance activities to be paid for with federal funds so only non-federal funds are used in the maintenance program.

II. Program Objective:

MDOT's maintenance program objective is to assure that the highways of Mississippi are maintained at, or upgraded to, an acceptable level of service. This level of service is limited by the capacity for which the facility was originally designed and constructed.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Routine Maintenance:

We have an increase in Salaries to align the Maintenance program request for FY2022 with the value of the filled and vacant PINS on the VCP. We have a slight increase in Travel for routine maintenance activities. The FY2022 Maintenance request reflects previous appropriated levels at $200 million.

(E) Overlay:

We have a slight decrease in Capital Outlay Other in the Maintenance program for overlay projects.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	2 - Construction
Name of Agency	Program Name

I. Program Description:

MDOT's construction program consists of all activities necessary for the creation, development, and preservation of state-maintained highways and related facilities. These activities include reconstruction, resurfacing, restoration, rehabilitation, preservation, construction, improvements or modifications to the state highway system.

The principal transportation programs established by the Mississippi Legislature (1987 Four□Lane Highway Program, Vision 21 Program, and Gaming Roads Program) as well as the Federal Interstate and US Highway Systems are accounted for within the Construction Program.

Federal Highway Administration (FHWA) funds are accounted for within the Construction Program. This includes the pass-through FHWA funds for State Aid and Locals.

II. Program Objective:

The Construction Program objective is to preserve the state's infrastructure assets; ensure high standards of safety in the state highway system; and improve mobility for Mississippi's people, commerce and industry.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) State Aid:

There is a slight decrease in Subsidies in the Construction Program for State Aid because earmark project expenditures are expected to decrease in FY 2022.

(E) Right-of-Way:

There is a slight increase in Contractual, Travel, and Commodities in the Construction program for Right-of-Way acquisitions and utility relocation costs.

(F) Continuation of Five Year Plan, ERBR, Lottery:

FY 2022 levels are based on the anticipated spend-out of construction projects as laid out in the five year plan. We have an increase in Capital Outlay Other for estimated payouts on Emergency Road and Bridge Repair Fund "ERBR" projects and Lottery Proceeds Fund "Lottery" projects as set forth in the 2018 First Extraordinary Session. We have an increase in Salaries to align the Construction request for FY2022 with the value of the filled and vacant PINS in the Construction program on the VCP.

PROGRAM NARRATIVE

REVISED: 9/30/2020 9:43:00 AM

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	3 - Administration & Other
Name of Agency	Program Name

I. Program Description:

MDOT's Administration Program provides direct support to the production functions of the department and includes upper management (central office and districts), external legal counsel, internal audit staff, public affairs, human resources, financial management, budget, asset management, procurement, information systems, civil rights, and the disadvantaged business program. Agency equipment purchases (including road equipment), as well as buildings and lots, are accounted for in the administration program.

II. Program Objective:

MDOT's Administration Program objective is to provide adequate support to the primary operational programs of the department (maintenance, construction, law enforcement, aeronautics, rails, ports and waterways, and public transit) to maximize the potential for goal and objective achievement by those programs.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Administration Program:

There has been no increase in the Administration Program from FY2021 appropriated to the FY2022 request.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	4 - Bonded Debt Service
Name of Agency	Program Name

I. Program Description:

MDOT's debt service program is used to account for costs related to bond debt (issuance costs, principal payments, interest payments, and bank service and charges).

II. Program Objective:

The debt service program seeks to provide a means for paying all debt service costs attributable to the department.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Debt Service:

The Debt Service program request for FY2022 includes debt service associated with HELP Bond projects, Master Lease interest, and a $5 million transfer to the Treasurer made as a provision of SB3181, 2010 Session.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	5 - Law Enforcement
Name of Agency	Program Name

I. Program Description:

The Office of Enforcement is generally responsible for the enforcement of the State's commercial vehicle laws, rail operation and rail crossing inspection. The laws protect the structural integrity of highways and infrastructure, thereby, safeguarding taxpayers' investments and ensuring the safety of the motoring public. This includes enforcing regulations and laws governing commercial vehicles in the State, including compliance with size and weight limits, taxes and permits, and driver and vehicle safety.

II. Program Objective:

The Office of Enforcement's objectives are to protect the highways of the State from excessive wear or damage caused by overweight trucks, to efficiently ensure a smooth traffic flow of commercial vehicles hauling non-divisible loads, and to maintain all permanent and portable scales in good working order. The Office also enforces laws governing commercial vehicle registration, the proper reporting and collection of fuel taxes, commercial vehicle compliance with the FMCSA safety regulations through vehicle and driver inspections, and state and federal rail regulations.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Law Enforcement:

The Law Enforcement program was increased in FY2022. This restores the program to previously appropriated levels prior to the FY2021 appropriation.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation — Name of Agency

6 - Aeronautics & Rails — Program Name

I. Program Description:

MDOT's Aeronautics Division provides assistance to the publicly owned airports by securing federal funds for improvement projects, and conducting safety inspections of the public use airports.

MDOT's Rails Section administers state and federal grant funds and conducts statewide safety inspections and projects.

MDOT's Public Transit Division allocates and oversees federal transit funds to private non-profit organizations and local, state, and tribal governments to provide mass transit services.

MDOT's Ports and Waterways Division serves as an advocate of ports through planning, promotion, data collection, and technical assistance.

The Multi- Modal Transportation Improvement Program was established by the Mississippi Legislature in 2002. It creates a special fund, the Multi- Modal Transportation Improvement Fund (MMTIF), into which state funds may be deposited to be expended by MDOT for improvement of airports, ports, railroads and transit systems in the state. The purpose of the MMTIF is to provide funds for high priority projects that will have high economic impacts and for which funds are not otherwise available.

II. Program Objective:

The Aeronautics, Rails and Other Program seeks to oversee and support viable, safe, and effective intermodal transportation systems within the state of Mississippi, along with providing public transit to persons living in rural and small urban areas.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Public Transit:

There is a sizeable increase in the overall Aeronautics, Rails, Ports and Public Transit Program. As part of the FY2020 CARES Act, the Federal Transit Administration allocated $49.7 million in Section 5311 Rural Area funding to be administered by MDOT's Public Transit Division. 100% of this funding will pass through to local transit agencies to be used on operations and capital expenditures. For the FY2022 request, we anticipate passing through to local transit agencies $25 million which will then be reimbursed from the Federal Transit Administration.

(To Accompany Form MBR-1-03A)

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

Mississippi Department of Transportation (941-00)
Name of Agency

1 - Maintenance
PROGRAM NAME

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry on the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

		FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1	Total Number of Acres Mowed (First and Subsequent)	290,000.00	308,130.00	290,000.00	290,000.00
2	Pavement Needs Met Annually (%)	0.05	0.05	0.05	0.05
3	Number of Bridges in Poor Condition	200.00	147.00	190.00	180.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

		FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1	Number of Bridges With Timber Components	190.00	137.00	145.00	140.00
2	Cost per Mile to Maintain State Highways ($)	20,885.00	28,902.00	27,969.00	27,969.00

PROGRAM OUTCOMES: (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.

		FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1	Increase of Acreage Mowed (%)	0.85	0.12	0.97	0.97
2	Decrease in State-Maintained Lane Miles Needing Repair or Rehabilitation (%)	1.50	1.50	1.50	1.50
3	Interstate Lane-miles With an Acceptable Payment Condition Rating (%)	38.00	38.00	38.00	38.00
4	2 Lane Highway Lane-miles With an Acceptable Pavement Condition Rating (%)	54.00	54.00	54.00	54.00
5	4 Lane Highway Lane-miles With an Acceptable Pavement Condition Rating (%)	71.00	71.00	71.00	71.00
6	Slow the Expected Increases of Total Fatalities According to a 5 Year Rolling Average (697 or Less)	697.00	644.00	685.00	693.00

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

NARRATIVE

2022 BUDGET REQUEST

Mississippi Department of Transportation (941-00)

Name of Agency

Salaries, Wages and Fringe Benefits - MDOT is requesting full funding of salaries and benefits for authorized positions.

Travel - In-state travel reflects the priority of the department on preservation and development of the state's transportation network. Travel in the Maintenance Program is critical to support traffic signals and signage throughout the state. Within the Construction Program, there are a large number of construction projects on-going that require employees to travel to support preliminary engineering, right of way acquisition, and construction planning. Projects also require inspections and field reconnaissance at several stages – from location through final inspections. Additionally, members of our staff serve on many national task forces and committees that conduct research and establish guidelines for state DOTS.

Contractual Services - Included in the contractual services part of the Maintenance Program are concrete repair contracts, litter pickup, timber and brush cutting, and other minor miscellaneous highway and bridge repair projects. MDOT is continuing to provide janitorial and maintenance services and 24-hour security to eleven welcome centers and twelve rest areas. The department also maintains mowing contracts throughout the state, and roadway sweeping contracts for our urban areas. Within the Construction Program, there are a considerable number of projects which require employees to do construction engineering supervision and inspection. Due to increased workload, demand for services and a decrease in available engineers, consultant firms will be required to complete some design plans. Other contracts utilize engineering consultants for noise studies, feasibility studies, environmental studies, etc. and have been adjusted to meet federal requirements and other privatization resulting from insufficient Department/Division staff.

Commodities – This level of funding reflects MDOT'S commitment to routine maintenance activities and includes items such as asphalt, fuel, and aggregates.

Capital Outlay – Equipment - In preparing the annual equipment budget, a prioritized list of equipment, vehicle, and wireless communication needs are submitted by each District and Division within the agency. The majority of our vehicles and equipment is directly used in the maintenance and development of our highway system.

Capital Outlay – Other - FY 2022 levels are based on the anticipated spend-out of construction projects as laid out in the three year plan. MDOT also plans to use $50 million for projects in the Maintenance program. MDOT also plans to use the Lottery Proceeds Fund for projects as approved by the Commission. Capital Outlay-Other also includes costs associated with Right-of-Way land acquisition.

The building budget is used primarily to maintain the infrastructure of our existing 630 buildings on 183 lots. The buildings include welcome centers, rest areas, weigh stations, district offices, project offices, maintenance area headquarters, laboratories, equipment shops, warehouses, and equipment/material storage sheds.

Subsidies, Loans and Grants –

Pass-Throughs - Include the flow-through funds for Local Road and Bridge System and associated earmarks and subsidies that flow through the Aeronautics, Rails, Ports and Public Transit programs. As part of the FY2020 CARES Act, the Federal Transit Administration allocated $49.7 million in Section 5311 funding to MDOT's Public Transit Division. 100% of this funding will pass through to local transit agencies to be used on operations and capital expenditures. As a result of this, Subsidies in the FY2022 request has increased significantly.

Debt Service - Under authority of Mississippi statute 65-1-8 (2)(z), the Mississippi Transportation Commission can enter into an agreement with a local entity (an Interlocal Agreement) to accelerate the completion date of a proposed MDOT highway project. The Interlocal Agreement allows the local entity to provide the funds for an MDOT project (through a local bond issue) and requires the Commission to pay the debt service on the local bonds (principal and interest). The debt service on these projects is then reimbursed by FHWA. As a provision of SB 3181 (GO Bond Bill) passed in the 2010 session, MDOT is required to make payments of $5 million annually to the State Treasurer until the bonds are retired. MDOT is requesting funding in the FY 2022 request for debt service on these special projects and obligations.
