Departme	of Corrections - Consolidated (549-00)	

Name of Agency

#### STATE SUPPORT SPECIAL FUNDS

MDOC received \$7,957,795 during FY 2020 to pay private prison operators for FY 2020 obligations. These funds were expended and no unpaid FY 2020 Private Prison Program obligations will be paid with FY 2021 appropriation.

The Medical Program was appropriated \$1,800,000 of Capital Expense Funds in SB 3016 for FY 2020 expenditures. An additional \$4,239,367 of Capital Expense Funds was appropriated in SB 2980 to defray Medical Program expenses. These funds were expended on FY 2020 obligations.

During FY 2021 MDOC was appropriated \$20,000,000 of Budget Contingency Funds in House Bill 1728. These funds were appropriated in connection with the CARES Act and will be used by MDOC to mitigate the effects of the Coronavirus Disease in the prison system. The majority of the funds will be used to upgrade IT and communication systems within the prison system which will enable distance learning, video visitation and telemedicine systems to be installed.

#### OTHER SPECIAL FUNDS

These funds consist of grant proceeds from the following programs:
Adult Literacy
Adult Basic Education
Outreach Aftercare
Vocational Education
Residents Substance Abuse and Treatment Program (RSAT)

Supervision fees collected from probationers and parolees and offenders on the Intensive Supervision Program or House Arrest.

Other Reimbursement
Damaged property assessment on inmates
Housing rent from employees

#### TREASURY FUND / BANK

Beginning cash is reflected in the FY 2022 Budget Request.

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Department of Corrections - Consolidated	1 - General Administration
Name of Agency	Program Name
I. Program Description: {Description}	
II. Program Objective: {Objective}	

- III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:
- (D) Equipment Replacement:

In order for MDOC to continue the same level of operations, it is necessary for computer hardware to include computers, laptops, switches and hubs to be replaced and upgraded regularly. These devices are received in the Central Office program, modified, inventoried and sent to other programs and locations for use.

(E) Partially Restore FY 2020 General Funding Level:

The Central Office Program began FY 2020 with an appropriation of \$25,738,525. Transfers in from other programs increased the total appropriation to \$28,981,797 for FY 2020. The FY 2021 appropriation for Central Office is \$23,992,528. MDOC has decreased expenses substantially in this program during FY 2020 and this will continue into FY 2021. Even with the substantial cuts in Travel, Cell Phones, Gasoline and Contract Workers, this program will need the FY 2020 general funding level partially restored in FY 2022 in order to continue services at the same level. Additionally some of the revenue sources for this program have been reduced or eliminated to include special funds for the Victims Services Program.

(F) Build Chapels and Implement Additional Re-Entry programs:

MDOC has been limited to \$3,000,000 of expenditures in the Inmate Welfare Fund over the last three fiscal years. The cash balance in this fund has been increasing over the last few fiscal years and is currently approximately \$7,000,000. MDOC is in need of increasing re-entry programs and constructing 9 inmate chapels, These expenditures will have the effect of sharply reducing recidivism at MDOC in the coming years. MDOC is requesting an addition \$3,000,000 in Other Special Fund spending authority in the Contractual Services and Commodities categories so that additional Re-entry programs can be implemented and chapels can be constructed with inmate labor.

(G) Partially Restore Funding to FY 2020 Funding Level:

In FY 2020, the CMCF Program was appropriated \$27,506,162 in general funds. The FY 2021general fund appropriation for the CMCF Program is \$26,520,846. MDOC has decreased expenses substantially in this program during FY 2020 and this will continue into FY 2021. Even with the substantial cuts in Travel, Cell Phones, Gasoline and Contract Workers, this program will need the FY 2020 general funding level partially restored in FY 2022 in order to continue services at the same level.

- (D) Adjust Funding Sources to Match Anticipated Revenue:

  The FY 2021 funding for the Medical Program includes \$3,139,337 in special funds-other. The Medical Program only generate approximately \$150,000 in fees collected from inmates during FY 2022 (\$3,139,337-\$150,000 = \$2,989,337). We request \$2,331,639 of this appropriation to be reclassified to general funds in FY 2022.
- (E) Additional Funds for Transfers to Division of Medicaid: The FY 2021 appropriation only allowed for \$500,000 to be allocated for match payments to the Mississippi Division of Medicaid. This cost has been running around \$750,000 annually.

- (D) Adjust Funding Sources to Match Anticipated Revenue: The FY 2021 funding for the Regional Facilities Program includes \$2,449,451 in special funds-other. The Regional Facilities Program does not generate any special revenue. We request this amount to be reclassified to general funds in FY 2022.
- (E) Regional Facility Increase:

The FY 2021 funding level for the Regional Facilities Program is lower than the anticipated expenses in this program during FY 2022. In addition to the general fund increase of \$2,449,451 outlined in decision unit #1 an additional increase of \$1,002,255 will be required to meet obligations outlined in the attached Schedule of Estimated Regional Facilities Cost for FY 2022.

- III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:
- (D) Salary Increase:

The purpose of this requested increase is to lower the officer to supervised offender ratio by filling approximately 80 vacant probation agents. This increase of \$4,594,864 will enable the agency to have 92.2% of positions filled in this program up from the current 78.6%. More information related to this request can be found in the narrative section of the budget request.

(E) Transition Beds and House Arrest Monitoring:

The Community Corrections Program received the same appropriation for both FY 2020 and FY 2021, however in both years the overall funding level is insufficient to cover all obligations in this program. Funds have been transferred into this program from other programs in order to meet all obligations in past years and this will occur in FY 2021 as well. Even with the positions filled of only 78.2% during FY 2021 in this program, some of the funds allocated by MDOC for transition beds and house arrest monitoring have been reduced. This increase will allow MDOC to operate these programs at the FY 2020 expenditure level during FY 2022 (increase transition beds \$300,000, increase house arrest monitoring \$200,000)

(F) Vehicle Replacements:

Periodically, high mileage, high maintenance vehicles must be replaced to avoid higher costs and maintain public safety. Please see Schedule D-3 for a detail of vehicles MDOC is requesting to replace during FY 2022.

#### CENTRAL OFFICE

The Fiscal Year 2022 Budget Request (Base) is compiled from the Mississippi State Personnel Board's Fiscal Year 2021 Variable Compensation Plan Cost Projection of July 15, 2020. The Fiscal Year 2022 Budget is submitted in accordance with the Legislative Budget Office and State Department of Finance and Administration Instructions and Forms. The cost projection includes all agency personnel authorized under the Fiscal Year 2020 Legislative Appropriation. Currently, authorized positions include 187 full time, 1 part-time and 9 full-time, time limited personnel.

The Mississippi State Personnel Board's Fiscal Year 2021 Variable Compensation Plan Cost Projection Report for budget purposes contains costs for base salaries for permanent and time-limited employees of \$11,914,133 which represents full funding for all positions authorized as of July 1, 2020 and the Central Office additional workers compensation cost of \$119,141. The total full funding for positions and agency workers compensation cost is \$12,033,274. The Central Office Program is requesting a funding level of 87.8% during FY 2022 which represents no increase above the FY 2021 salary allotment for this program.

The Central Office Program is requesting a general fund increase during FY 2022 for the following reasons:

The Central Office Program began FY 2020 with a general fund appropriation of \$25,738,525. This funding level required MDOC to transfer in general funds from other programs which increased the total general fund appropriation to \$28,981,797 for FY 2020. The FY 2021 general fund appropriation funding level for Central Office is \$23,992,528. Due to reduced funding levels in other programs MDOC will not be able to completely cover this shortfall with transfers from other programs and will partially cover the shortfall with special fund cash during FY 2021. Use of cash will not be possible to fund substantial reductions in general funds during FY 2022. Some of the revenue sources for this program have been reduced or eliminated requiring MDOC to rely on general funding. An example of this would be the Victims Services Program which has ongoing annual expenses of \$687,544. The revenue source that funds this program is no longer received by MDOC which requires the expenses to be paid from general funds. Although MDOC has decreased expenses substantially in the Central Office Program during FY 2020 and this will continue into FY 2021 by substantially cutting travel, cell phones, gasoline and contract workers, this program will need the FY 2020 general funding level partially restored in FY 2022 in order to continue services at the same level. The following general fund increases and special fund decreases are requested in order for the Central Office Program to pay its obligations without a deficit in FY 2022;

Salaries General Funds \$1,376,112 Salaries Other Special Funds (\$1,376,112) Contractual Services General Funds \$190,389 Contractual Services Other Special Funds (\$190,389) Commodities General Funds \$527,004 Commodities Other Special Funds (\$527,004)

Additionally the Central Office Program is requesting IT equipment replacements in FY 2022 as follows Equipment General Funds \$500,000 (see schedule D2 for details)

The Central Office Program is requesting additional Other Special Fund spending authority in the Inmate Welfare Fund (IWF) during FY 2022. The revenue flow and cash balance for this program is adequate for an additional \$3,000,000 to be expended during FY 2022. MDOC will expend these funds in the areas of Re-Entry Services and Educational Supplies and Chapel Construction as follows:

Contractual Services Other Special Funds \$1,500,000 Commodities Other Special Funds \$1,500,000

### **FARMING OPERATIONS**

#### **SALARIES**

The Fiscal Year 2020 Budget Request (Base) is compiled from the Mississippi State Personnel Board's Fiscal Year 2020 Variable Compensation Plan Cost Projection of July 09, 2019. The Fiscal Year 2021 Budget is submitted n accordance with the Legislative Budget Office and State Department of Finance and Administration Instructions and Forms. The cost projection includes all agency personnel authorized under the Fiscal Year 2019 Legislative Appropriation. Currently, authorized positions include 6 full time and permanent personnel. Full funding for the current 6 authorized positions will be \$320,487.

#### PAROLE BOARD

This program will not require additional funding in FY 2022.

### PRIVATE PRISONS

### Private Prison Program Deficit

The original appropriation for this program combined with the deficit funding in SB 2980 was adequate to pay all FY 2020 obligations in this program. Although there will be no FY 2020 obligations paid with FY 2021 appropriations, there will be a deficit in the Private Prison Program during FY 2021. The primary cause of the deficit will be the cost associated with housing inmate at the Tallahatchie County Correctional Facility. Please see the attached "Estimated Private Prison Costs for FY 2021" for the facility populations and rates. It is the goal of MDOC to transfer the inmates from the Tallahatchie County Correctional Facility during FY 2021 to the Walnut Grove Correctional Facility (WGCF) at the same or lower per diem rate. MDOC is scheduled to complete the renovation and refurbishing of WGCF before the end of calendar year 2020.

### Private Prison Program Budget Request

MDOC is requesting a \$13,224,957 general fund increase in this program for FY 2022. Please refer to attachment "Estimated Private Prison Costs for FY 2022" for the facility populations and rates. The primary cause of this increase is the funding required for the Tallahatchie County Correctional Facility or the Walnut Grove Correctional Facility. Assuming the above described FY 2021 deficit is funded through a deficit appropriation during FY 2021, the funding level requested for FY 2022 will be adequate and no deficit will be anticipated for FY 2022.

### MEDICAL SERVICES

### FY 2021 MEDICAL PROGRAM DEFICIT

The medical program for the Mississippi Department of Corrections provides medical care for inmates housed in all state operated facilities, the privately operated prisons and the regional facilities. The total number of inmates that MDOC provides medical care for ranges from 17,300 to 18,300 inmates. MDOC will pay an estimated \$11,618,720 during FY 2021 for medical obligations incurred in FY 2020. Payment of these prior year obligations with current year appropriations is the reason MDOC will have an estimated deficit in the Medical Program during FY 2021 of \$8,355,212. Please see the attached "Schedule of Estimated Medical Service Costs for FY 2021" for a detail of estimated expenditures and the estimated deficit for FY 2021. This deficit is not included in the FY 2022 Medical Program budget request. MDOC is requesting the FY 2021 Medical Program deficit be funded with a deficit appropriation during FY 2021. The FY 2022 Medical Program budget request if approved will be sufficient to pay all FY 2022 obligations assuming the FY 2021 deficit is funded with a deficit appropriation during FY 2021.

### FY 2022 MEDICAL PROGRAM BUDGET REQUEST

As mentioned above, if the FY 2021 Medical Program deficit is funded by a deficit appropriation during FY 2021, there will be no unpaid FY 2021 medical obligations spilling into FY 2022. As a result, the FY 2022 budget request will be sufficient to pay all medical obligations incurred during FY 2022 with no unpaid obligations at the end of the fiscal year. Please see the attached "Schedule of Estimated Medical Service Costs for FY 2022" for more detail.

MDOC has used the current contract pricing for the basic medical care contract with VitalCore Health Services during FY 2022. These services will be bid out during FY 2021 and a new contract will be in place by October 2021 therefore pricing is not known at this time

There is an increase in general funds request over the FY 2021 appropriation. This is because the Other Special Funds available to the Medical program is limited to sick call fees charged to inmates which usually runs \$150,000 per year. The FY 2021 funding for Other Special Funds in the Medical Program was \$3,139,337 which far exceeds the possible collections. Additionally, MDOC will be unable to transfer funds from other programs to the Medical Program during FY 2021 because no excess funding is available. As a result, the FY 2022 funding request for Other Special Funds decreased by \$2,989,3337 and the general funds requested increased by \$2,581,639.

### **REGIONAL FACILITIES**

Name of Agency

### FY 2021 REGIONAL FACILITIES PROGRAM DEFICIT

The Regional Facilities Program for the Mississippi Department of Corrections provides care custody and control for up to 4,610 medium security inmates housed located in the 15 regional correctional facilities. MDOC has paid \$2,804,034 during FY 2021 for regional facility obligations incurred in FY 2020. Payment of these prior year obligations with current year appropriations is one of the main reasons MDOC will have an estimated deficit in the Regional Facility Program during FY 2021 of \$5,766,550. The other reason is that the general funds appropriated during FY 2021 for this program are not sufficient to support the anticipated average population of 4,340 during FY 2021. MDOC will make every effort to lower the population in these facilities during the year which will lower the estimated deficit. Some factors preventing the lowering of populations in these facilities include, COVID related quarantines and the transfers of reclassified inmates to the regional from the Tallahatchie Correctional Facility. Please see the attached "Schedule of Estimated Regional Facilities Costs for FY 2021" for a detail of estimated expenditures and the estimated deficit for FY 2021. This deficit is not included in the FY 2022 Regional Facilities Program budget request. MDOC is requesting the FY 2021 Regional Facilities deficit be funded with a deficit appropriation during FY 2021 The FY 2022 Regional Facilities budget request if approved will be sufficient to pay all FY 2022 obligations assuming the FY 2021 deficit is funded with a deficit appropriation during FY 2021.

### FY 2022 REGIONAL FACILITIES BUDGET REQUEST

As mentioned above, if the FY 2021 Regional Facilities Program deficit is funded by a deficit appropriation during FY 2021, there will be no unpaid FY 2021 regional facility obligations spilling into FY 2022. As a result, the FY 2022 budget request will be sufficient to pay all regional facility obligations incurred during FY 2022 with no unpaid obligations at the end of the fiscal year. Please see the attached "Schedule of Estimated Regional Facilities Costs for FY 2022" for more detail.

There is an increase in general funds request over the FY 2021 appropriation. This is primarily because there are no Other Special Funds available to the Regional Facility Program. The FY 2021 funding for Other Special Funds in the Regional Facilities Program was \$3,139,337 which cannot be generated by this program. Additionally, MDOC will be unable to transfer funds from other programs to the Regional Facilities Program during FY 2021 because no excess funding is available. As a result, the FY 2022 funding request for Other Special Funds has decreased by \$2,449,451 and the general fund request has increased by \$3,451,706. Please see the attached "Schedule of Estimated Regional Facilities Costs for FY 2022" for population and rate details.

#### **COMMUNITY CORRECTIONS**

The Fiscal Year 2022 Budget Request (Base) is compiled from the Mississippi State Personnel Board's Fiscal Year 2021 Variable Compensation Plan Cost Projection of July 15, 2020. The Fiscal Year 2022 Budget is submitted in accordance with the Legislative Budget Office and State Department of Finance and Administration Instructions and Forms. The cost projection includes all agency personnel authorized under the Fiscal Year 2020 Legislative Appropriation. Currently, authorized positions include 563 full time and 83 full-time, time limited personnel. The Mississippi State Personnel Board's Fiscal Year 2021 Variable Compensation Plan Cost Projection Report for budget purposes contains costs for base salaries for permanent and time-limited employees of \$33,530,338 which represents full funding for all positions authorized as of July 1, 2020 and the Community Corrections program additional workers compensation cost of \$271.836 The total full funding for positions and agency workers compensation cost for this program is \$33,802,174. The Community Corrections Program's base funding level for FY 2021 positions is \$33,802,174 compared to the allocated appropriation level of \$26,560,562 which is 78.6% of the base level. The \$26,560,562 allocated for salaries in FY 2021 will allow the agency to keep an average of approximately 488 positions filled in this program during FY 2021. MDOC is requesting funding for an additional 80 positions in this program during FY 2022.

The Program is requesting a general fund increase during FY 2022 for the following reasons:

The Community Corrections Program began FY 2020 with a general fund appropriation of \$20,024,218. This funding level required MDOC to transfer in general funds from other programs which increased the total general fund appropriation to \$26,037,130 for FY 2020. The FY 2021 general fund appropriation funding level for the Community Corrections Program is \$20,024,218. Due to reduced funding levels in other programs MDOC will not be able to completely cover this shortfall with transfers from other programs and will partially cover the remaining FY 2021 shortfall with higher supervision fee revenue. During FY 2020 supervision fee collections were substantially reduced due to the effects of COVID-19. MDOC anticipates the FY 2021 collections to be higher which will partially cover the general fund reduction but collections will remain the same in FY 2022. Although MDOC has decreased expenses substantially in the Community Corrections Program during FY 2020 and this will continue into FY 2021 by substantially cutting costs, this program will need the FY 2020 general funding level partially restored in FY 2022 in order to continue services at the same level. The following general fund increases are requested to partially restore the general funds to the FY 2020 level in order for the Community Corrections Program to pay its obligations without a deficit in FY 2022:

Salaries

General Funds \$4,594,864- The FY 2021 funding level will only allow an average of 488 positions to be filled during FY 2021.

### Department of Corrections - Consolidated (549-00)

Name of Agency

This request will partially restore funding to the FY 2020 level and allow this program to fill approximately 80 vacant positions during FY 2022.

Contractual Services

General Funds (\$358,763)- The request for this category has decreased due to the effects of self-operating food services. The cost of the food service provider will be reduced by (\$858,763). The cost will be increased for transitional housing, \$300,000 and the cost for increased number of offenders on house arrest \$200,000. The net decrease will be (\$358,763).

Commodities

General Funds \$815,959- The cost associated with purchasing food due to self-operating food services.

Vehicles

General Funds \$54,000- replacement of 2 high mileage 15-passenger vans
