NARRATIVE OF SPECIAL FUNDS DETAIL AND TREASURY FUND/BANK ACCOUNTS

State Department of Health (301-00)

Name of Agency

STATE SUPPORT SPECIAL FUNDS

As of the budget submission, MSDH Finance and Accounts had not processed all invoices related to the state support special funds for FY 2020. At this time the funds remaining that will be lapsed are as follows:

Health Care Expendable Fund (6230500000) - \$1,002,626

Tobacco Control Fund (6530600000) - \$1,015,190

It is anticipated more invoices will be processed in MAGIC before the Department of Finance and Accounts cut-off for expenditures of FY 2020 funds. Therefore, the amounts above will be lower at the actual end of state fiscal year 2020.

MSDH only has:

Health Care Expendable - \$9,178,783 - we are requesting no change

Tobacco Control Fund - \$20,000,000 - we are requesting no change

FEDERAL FUNDS

Federal funds are expected to remain constant during Fiscal Year 2022.

The following federal grants have maintenance of effort requirements: Early Intervention, Preventive Health Block Grant and Ryan White. These requirements are met by the use of state general funds, fees or sources from other entities. The Early Intervention grant requires you to maintain the same level of general fund spending as in the previous year.

OTHER SPECIAL FUNDS

No significant change in the funding available from other non-federal special funds is anticipated.

TREASURY FUND / BANK

The three accounts listed at Regions Bank are clearing accounts for collections received by the Department. Funds received through the Finance and Accounts and Vital Records are subsequently transferred to the Treasury. Each county in the state provides support for operations of the local county health department in their county. These funds are deposited into the local bank accounts and subsequently transferred to the Treasury for the operation of the local clinic.

The Department maintains six Treasury Funds for conducting operations paid from non-general fund sources. County activities are paid directly from Fund 3330000000 instead of the bank accounts in the particular county. Fund 33301000000 is used for the majority of all activities paid from self-generated revenues. Funds made available through the Health Care Expendable Fund are deposited in Fund 6230500000. Funds made available through the Tobacco Control Program are deposited into Fund 6530600000. Funds made available through the Trauma Escrow Fund are deposited into Fund 3331000000. Fund 53314000000 is used for Federal activities. Fund 33307000000 is used to account for the Domestic Violence funds received via court assessments. Fund 582013010000 is used to account for the Federal grants received related to COVID-19.

(To Accompany Form MBR-1-03)

State Department of Health

1 - Health Services

Name of Agency

Program Name

I. Program Description:

Many Health Services measures are reported by Calendar Year (CY) – some are the most recently completed CY and some are one year prior to the most recently completed year. For the Fiscal Year 2022 budget request, CY measures are reported as follows:

CY 2019: All Breastfeeding measures; outputs and efficiencies for Comprehensive Reproductive Health, Genetic Screening, and Child Safety Seats; Preventive Health outcomes from the Behavioral Risk Factor Surveillance System – percentage of population diagnosed with diabetes, percentage of population who are obese, and adult compliance with recommended levels of aerobic physical activity.

CY 2018: Breast and Cervical Cancer efficiency measures; all outcomes from MSDH Vital Statistics – infant mortality rate, incidence rate of low birthweight, percentage of women who received prenatal care in the first trimester, percentage of live births delivered prior to 37 weeks gestation, teen birth rate age 15 to 19, percentage of births to unmarried women, rate of female breast cancer deaths, rate of cervical cancer deaths, premature death rate due to cardiovascular disease, and death rates of persons in various age groups from specific causes. CY 2017 is currently the most recent available for these measures.

CY 2017: Female breast cancer and cervical cancer incidence rates; these come from the Mississippi Cancer Registry, and CY 2017 is currently the most recent available.

The Office of Health Services is comprised of: Women's Health and Child/Adolescent Health, which include programs to reduce maternal and infant mortality and to provide reproductive health services, targeted screening and referral for breast and cervical cancer, and early detection/referral for infants with genetic disorders; WIC (Supplemental Food Program for Women, Infants, and Children, which provides nutrition education and supplemental foods to eligible women and children and promotes breastfeeding to improve infant health; and Preventive Health, which collaborates with other agencies and organizations to improve environments and policies that support and encourage healthful behaviors through population and evidence-based interventions.

II. Program Objective:

Health Services includes multiple objectives. Programs related to Women's Health and Child/ Adolescent Health aim to: (1) reduce maternal and infant mortality and morbidity; (2) prevent unintended pregnancies and reduce the incidence of teenage pregnancy; (3) prevent premature death and undue illness through early detection and treatment of breast and cervical cancer; and (4) reduce morbidity and mortality of Mississippi newborns with genetic disorders through early detection and treatment, accompanied by counseling and appropriate referrals.

Preventive Health programs aim to: (1) implement population and evidenced-based interventions to reduce the incidence, complications, and burden of such diseases as diabetes and cardiovascular disease; (2) reduce the obesity rate among adults in Mississippi; and (3) reduce deaths and disabilities that occur as a result of non-use or incorrect use of a child restraint device in the event of a motor vehicle crash.

III. Current program activities as supported by the funding in columns 5-12 (FY 2021 Estimated & FY 2022 Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

The MSDH Perinatal High Risk Management/Infant Services System (PHRM/ISS) conducts activities to help decrease premature birth, low birthweight, and infant mortality; provide counseling on birth spacing; and promote healthy pregnancies and beginning of life outcomes. PHRM/ISS uses nurses, social workers, and nutritionists to provide targeted case management to medically high risk pregnant women and infants. Such case management can improve the patient and families' access to available resources, provide early detection of risk factors, and allow for coordinated care.

The MSDH Comprehensive Reproductive Health Program works through county MSDH clinics and other local providers under contract with MSDH to maximize and improve the delivery of high quality, evidence-based reproductive health services and related preventive services such as medical exams, education, and counseling (including abstinence) to clients in the target population.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

The Breast and Cervical Cancer Program uses federal funding and non-profit funds to contract with providers to screen eligible women through mammography, clinical breast exams, pelvic exams, and Pap smears, and to provide diagnostic testing and treatment for women whose screening exams reflect abnormalities. (Eligible women are those with incomes below 250% of the federal poverty level who are uninsured or under-insured, age 50-64 for mammograms and 40-64 for cervical screenings.) The program also provides educational programs and materials to help educate patients in breast and cervical cancer prevention and early detection.

In Child Health, the MSDH provides childhood immunizations, well-child assessments, limited sick child care, and tracking of infants and other high risk children. MSDH targets services to children whose family incomes are at or below 185 percent of the federal poverty level.

The MSDH Genetics Program provides screening, diagnosis, counseling, and follow-up for a range of genetic disorders. Priorities include preventive measures to minimize the effects of these disorders through early detection and timely medical evaluation, diagnosis, and treatment. In addition, the program collects data from medical providers for a statewide birth defects registry. Upon diagnosis, the patient receives appropriate referrals to other programs and community resources.

The WIC Program provides nutrition education and supplemental food packages to pregnant, breastfeeding, and postpartum women and to infants and children up to age five whose family income is at or below 185% of the federal poverty level. The program attempts to increase breastfeeding initiation and duration rates through partnerships with breastfeeding coalitions and other community organizations, training to increase the number of lactation professionals available in the state, assisting delivering hospitals in achieving Baby Friendly designation, and providing peer counselor support to prenatal and breastfeeding mothers.

The Preventive Health Program conducts activities designed to increase access to and promote the use of programs in community settings to help people prevent and manage diabetes, cardiovascular disease, and other chronic diseases. Staff work with healthcare providers to increase their use of quality improvement processes, such as electronic health records to manage high blood pressure, and to increase their use of team-based/multi-disciplinary care for patients with high blood pressure. Staff provide technical assistance to state agencies on establishing worksite wellness committees to improve employee health and to schools and community sites to develop shared-use agreements that enhance opportunities for physical activities within these sites. Injury Prevention and district Health Promotion staff distribute child safety seats; conduct one-on-one training on best child passenger safety practices; and conduct checkpoints for the correct usage of child safety seats.

IV. Additional program activities and outcomes that will result from increased funding in Columns 13-20 (MBR-1-03) and specified Budget Decision Unit columns (MBR-1-03-A):

No request for expansion for FY 2022.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Restore General Funds:

The agency is requesting the general funds we were cut in our SFY 2021 be restored in SFY 2022. This will allow the agency to effectively continue operations in our health department clinics and continue our response to the pandemic.

IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):

(E) Health Equity Office:

Funding is requested to expand the Health Equity initiatives in the agency.

The Office of Health Equity (OHE) will be housed within the Office of Preventive Health and Health Equity. The vision of OHE is to promote equitable social, economic, and environmental conditions to create a culture of health for all Mississippians. The mission of the OHE is to create the opportunity for everyone to have equitable access and opportunity for optimal health by implementing public health interventions at intrapersonal, interpersonal, institutional, community, and public policy levels.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Goals

1. Provide statewide thought leadership for advancing health equity by influencing policies, systems, and environmental changes.
2. Strengthen collaboration for data sharing and expanding surveillance systems for social and environmental determinants of health.
3. Provide data & information to community in a meaningful way to drive decision-making for evidence-based and community defined evidence practice.
4. Build capacity to provide equitable services to communities across the state.
5. Facilitate increased programs and activities that focus on the improvement of social determinants of health.

PROGRAM NARRATIVE

(To Accompany Form MBR-1-03)

State Department of Health

2 - Health Protection

Name of Agency

Program Name

I. Program Description:

Note: Trauma Audit records are compiled by calendar year; therefore, the output and efficiency measures related to Trauma are Calendar Year 2019 data, with projections made for CY 2020 and 2021.

The Office of Health Protection includes Licensure programs and Environmental Health. Public Health Emergency Preparedness and Response, while organizationally a part of Health Protection, is presented as a separate program. Environmental Health programs perform numerous activities directed at protecting the general public from hazards that result from environmental causes. Areas of concern include food, milk, onsite wastewater, and safety of the public water supply. Water Supply also includes efforts to increase the number of Mississippi public water supplies that provide optimally fluoridated water.

In addition, the Office of Health Protection includes Emergency Medical Services and the Mississippi Trauma Care System, including design of the system, inspection of trauma care centers, programmatic audits, collection and management of data for a statewide Trauma Registry, and monitoring of system performance such as hospital transfer times.

II. Program Objective:

The goal of Environmental Health is to prevent adverse health effects from environmental hazards that can spread disease, which is accomplished through regulation of food service and processing establishments, milk and dairy products and distribution systems, the public water supply, and onsite wastewater disposal systems. One objective within this goal is to assure that public water supplies routinely provide safe drinking water to the citizens of Mississippi; another is to improve the oral health of Mississippians through the proven preventive strategy of community water fluoridation. The objective of the Trauma Care Program is to assure that trauma patients arrive at the facility most appropriate for the treatment of their injury as quickly as possible.

III. Current program activities as supported by the funding in columns 5-12 (FY 2021 Estimated & FY 2022 Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

The Public Water Supply Program ensures safe drinking water to the citizens of Mississippi who utilize the state's public water supplies by strictly enforcing the requirements of the federal and state Safe Drinking Water Acts. The program is implemented through five major programmatic areas: (1) annual surveys (inspections) of each community public water supply to identify and eliminate operational and maintenance problems that may potentially affect drinking water quality; (2) microbiological, chemical, and radiological monitoring of drinking water quality; (3) negotiation with consulting engineers on the final design of engineering plans and specifications for all new or substantially modified public water supplies; (4) enforcement of standards through issuing mandatory boil water notices when necessary and assisting public water systems with voluntary boil water notices; and (5) certification and training of waterworks operators to ensure operation of each water supply in compliance with Safe Drinking Water Acts. In addition, the Public Water Supply Program encourages and assists communities to adjust the fluoride content that occurs naturally in a community's water to the best level for preventing tooth decay.

The Mississippi Trauma System conducts activities designed to ensure that trauma patients are transferred from the initial receiving hospital to higher levels of care as rapidly as possible. These activities include the audit of Trauma Registry records annually for Levels I-III trauma centers (including pediatric and burn centers) to ensure the accuracy and completeness of data. The program also conducts initial and recurring training for at least one Trauma Registrar from each reporting hospital annually.

IV. Additional program activities and outcomes that will result from increased funding in Columns 13-20 (MBR-1-03) and specified Budget Decision Unit columns (MBR-1-03-A):

No request for expansion for FY 2022.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

State Department of Health

3 - Communicable Disease

Name of Agency

Program Name

I. Program Description:

Note: Most Communicable Disease data is compiled and reported by Calendar Year. Unless otherwise stated, data in this document are Calendar Year 2019, with projections made for CY 2020 and 2021. Exceptions are: (1) Immunization: outputs and efficiency measures are from Fiscal Year 2020; outcomes are from Calendar Year 2017 and 2018 because a portion of the National Immunization Survey for 2018 will not be released until fall 2020; (2) STD: diagnostic, treatment, and follow-up services are from FY 2018; and (3) Tuberculosis: outputs and efficiency measures are from CY 2016 because patients have 12 months to complete therapy; therefore, patients identified in 2017 have until the corresponding date in 2018. Thus CY 2016 data is most recent complete year available. Where CY 2016 actual numbers are reported, projections are made for CY 2017 and CY 2018.

Communicable Disease programs provide services to reduce the rate of premature death and improve quality of life for Mississippians in a variety of areas. Services are intended to control the disease transmission process through effective intervention and treatment and, where available, through immunization. The Office of Epidemiology identifies disease outbreaks through case investigation and surveillance, and implements appropriate disease interventions. HIV/Sexually Transmitted Disease Prevention and Control and Tuberculosis Control seek to reduce the incidence of HIV, STDs, and TB through screening, diagnosis, surveillance, intervention, and treatment. The Immunization Program strives to eliminate morbidity and mortality due to childhood vaccine-preventable diseases and to increase adult immunizations for influenza and pneumonia.

II. Program Objective:

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

The objective of the Office of Communicable Disease is to reduce morbidity and premature mortality due to communicable diseases among Mississippians. Specific program objectives include: (1) reduce the number of outbreaks of reportable diseases by implementing appropriate disease interventions to prevent further spread of secondary cases; (2) reduce the incidence of tuberculosis in Mississippi; (3) reduce the prevalence and incidence of sexually transmitted disease among Mississippians; (4) reduce the incidence of HIV Disease and assist in the provision of care and services to people living with HIV Disease in Mississippi; and (5) eliminate morbidity and mortality due to vaccine-preventable diseases in children, adolescents, and adults.

III. Current program activities as supported by the funding in columns 5-12 (FY 2021 Estimated & FY 2022 Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

The Office of Epidemiology monitors the occurrence and trends of reportable diseases throughout the state. Staff provide consultation to the medical community and to other agencies on matters of epidemiological concern 24 hours a day, 365 days a year, and investigate outbreaks or clusters of disease or illness in coordination with MSDH public health districts. The purpose of investigation is to determine etiology and implement or recommend control and preventive measures. Direct disease intervention in specific illnesses is carried out through providing appropriate prophylaxis.

The Tuberculosis (TB) Program conducts surveillance and investigation of TB cases and suspects, investigates exposures, provides appropriate treatment and follow-up, and provides technical assistance to public and private agencies and institutions. There is a particular focus on high-risk health care settings or institutional settings, such as hospitals, nursing homes, mental institutions, and penal institutions. A TB case is someone with active TB disease; this person can be infectious and requires multi-drug antibiotic therapy for at least six months. A person with tuberculosis infection is not infectious to others and needs preventive antibiotic therapy to prevent the possibility of progression to active TB.

The STD Control Program strives to interrupt the natural course of STDs in individuals and communities by: (1) detecting and preventing new infections through comprehensive epidemiology; (2) interviewing and counseling; (3) screening at-risk populations for asymptomatic STD infections and ensuring that all with a positive laboratory test are followed and adequately treated; (4) implementing educational programs directed toward people at risk for STDs; and (5) ensuring that uniform standards of health care are available to all persons in both the public and private medical communities.

The HIV Disease Prevention Program seeks to reduce HIV infection rates by conducting surveillance activities; providing counseling, testing, referral, and partner notification services; and implementing culturally-competent strategies to modify risk-associated behaviors. The program also administers federal funds provided by Part B of the Ryan White C.A.R.E. Act for care and services to people living with HIV Disease.

The Immunization Program provides and supports services that are designed to eliminate morbidity and mortality due to vaccine-preventable diseases. Services include monitoring of immunization levels, vaccine administration, distribution of education and informational materials, enforcement of immunization laws, and administration of the federally-funded Vaccines for Children program (VFC). The VFC program supplies vaccines to VFC-enrolled public and private providers to immunize eligible children at no cost who might not otherwise be immunized because of a family's inability to pay.

IV. Additional program activities and outcomes that will result from increased funding in Columns 13-20 (MBR-1-03) and specified Budget Decision Unit columns (MBR-1-03-A):

No request for expansion for FY 2022.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2021 & FY 2022 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Restore General Funds:

The agency is requesting the general funds we were cut in our SFY 2021 be restored in SFY 2022. This will allow the agency to effectively continue operations in our health department clinics and continue our response to the pandemic.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

State Department of Health

4 - Tobacco Control

Name of Agency

Program Name

I. Program Description:

Note: The outcomes reported for Tobacco Control are Calendar Year 2017 data, with projections made for CY 2019 and 2020. The percentage of current smokers among public middle school and high school students was obtained from the 2017 Mississippi Youth Tobacco Survey, and the percentage of current smokers among adults 18 years and older was obtained from the 2016 Behavioral Risk Factor Surveillance survey.

Tobacco use is the chief preventable cause of death and disability in the United States. Smoking kills more people than alcohol, AIDS, car crashes, illegal drugs, murders, and suicides combined; thousands more die from other tobacco-related causes, such as smokeless tobacco and fires caused by smoking. Each year approximately 4,700 Mississippi adults die from smoking, and approximately 500 adults die from secondhand smoke. Health care costs in Mississippi directly related to smoking total nearly \$1.6 billion annually, while smoking-related productivity losses amount to approximately \$1.2 billion.

Section 41-113-3 of the Mississippi Code 1972, as amended, established the MSDH Office of Tobacco Control and charged it with developing and implementing a statewide comprehensive tobacco education, prevention, and cessation program based on the Centers for Disease Control and Prevention's Best Practices for Comprehensive Tobacco Control Programs. The legislation also created a 13-member Advisory Council, appointed by state and university officials, which maintains an active role in the development and implementation of programs. The legislation appropriated funds to MSDH to be used solely for tobacco prevention and control efforts. In addition, the program receives funds through a cooperative agreement with the CDC.

Approximately \$7 million of the \$20 million appropriated from the Tobacco Trust Fund is available to the OTC for efforts to reduce use of tobacco products, including cessation and community interventions, health communications interventions, and a surveillance and evaluation system. The remainder is distributed to the University of Mississippi Medical Center Cancer Institute and A Comprehensive Tobacco (ACT) Center, the Mary Kirkpatrick Haskell-Mary Sprayberry Public School Nurse Program, the Mississippi Health Care Alliance STEMI and Stroke System of Care Programs, the Mississippi Qualified Health Center Grant Program, Skool Ads, and the Attorney General's Office of Alcohol and Tobacco Enforcement.

II. Program Objective:

In an effort to reduce the prevalence of tobacco use among youth and adults in Mississippi, the objective of the Office of Tobacco Control is to refine and implement a statewide comprehensive tobacco education, prevention, and cessation program in accordance with the CDC's "Best Practices for Comprehensive Tobacco Control Programs" as periodically amended.

III. Current program activities as supported by the funding in columns 5-12 (FY 2021 Estimated & FY 2022 Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

The MSDH Office of Tobacco Control works to establish and support tobacco-free coalitions in each Mississippi county to implement evidence-based programs consistent with CDC's "Best Practices for Comprehensive Tobacco Control Programs" and supports organizations that provide tobacco cessation services to Mississippians. In addition, the program supports state and local networking opportunities through its administrative role in the Mississippi Tobacco Control Network and has provided funding for developing and implementing a statewide youth tobacco use prevention program, statewide tobacco cessation services, a mass media campaign addressing youth tobacco use and promoting tobacco cessation services, and surveillance and evaluation.

IV. Additional program activities and outcomes that will result from increased funding as requested for the next fiscal year:

No request for expansion for FY 2022.

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

State Department of Health

5 - Public Health Emerg Prep/Resp

Name of Agency

Program Name

I. Program Description:

The MSDH has used funds provided since September 11, 2001, to expand its response capabilities for all public health threats, including terrorism-related and mass casualty events. Public health emergency preparedness and response goals are designed to: (1) increase the use and development of interventions known to prevent human illness from any kind of mass casualty threat; (2) decrease the time needed to classify health events as terrorism or naturally occurring, in partnership with other agencies; (3) decrease the time needed to detect and report any agent in tissue, food, or environmental samples that threaten the public's health; (4) improve the timeliness and accuracy of information regarding threats to the public's health; (5) decrease the time needed to identify causes, risk factors, and appropriate interventions for those affected by threats to the public's health; (6) decrease the time needed to provide countermeasures and health guidance to those affected by threats to the public's health; (7) decrease the time needed to restore health services and environmental safety to pre-event levels; (8) increase the long-term follow-up provided to those affected by threats to the public's health; and (9) decrease the time needed to implement recommendations from after-action reports following threats to the public's health.

II. Program Objective:

The objective of the Public Health Emergency Preparedness and Response Program is to establish, maintain, and test plans and procedures to protect Mississippians in the event of natural or human-caused disasters.

III. Current program activities as supported by the funding in columns 5-12 (FY 2021 Estimated & FY 2022

Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

Activities are geared toward integration of state and local emergency preparedness efforts with federal, state, local, and tribal governments; the private sector; and non-governmental organizations. Activities are based on and support the National Response Plan, the National Recovery Framework, the National Incident Management System, and the Homeland Security Exercise and Evaluation Program. Use of these systems ensures that all entities required to respond to a mass casualty event are equipped and prepared to do so.

The Public Health Emergency Preparedness and Response Program: (1) reviews and updates the emergency operation plans of licensed medical facilities and MSDH emergency preparedness plans and procedures according to an established schedule; (2) provides technical assistance, training seminars, workshops, and exercises to improve the processes for mass dispensing efforts of vaccines or medication through the Strategic National Stockpile in the event of a public health emergency; (3) maintains a statewide program of volunteers registered and credentialed in the Mississippi Responder Management System to support health care organizations with medical preparedness and response to incidents and events; (4) plans for the shelter needs and requirements of at-risk populations with medical needs during a time of disaster; and (5) conducts National Incident Management System and Homeland Security Exercise and Evaluation Program preparedness exercises annually and responds to real-world incidents as necessary, including evaluation of response and completion of after-action reports as required by the Centers for Disease Control (CDC).

IV. Additional program activities and outcomes that will result from increased funding as requested for the next fiscal year:

No expansion requested for FY 2022.

(To Accompany Form MBR-1-03)

State Department of Health

6 - Admin & Support Services

Name of Agency

Program Name

I. Program Description:

Administrative and Support Services provide essential functions for the agency, such as finance, personnel, and property management. This budget area also includes Health Care Planning and System Development programs, such as Primary Care Development.

The Primary Care Development office facilitates activities to promote access to quality primary care services within the state and cooperates with various organizations to support and provide technical assistance to community-based primary care centers, health departments, rural health clinics, and rural hospitals in their efforts to expand access to primary care. Staff work with the Health Resources and Services Administration (HRSA) to identify health professional shortage areas to help direct resources to areas of greatest need; they also partner with the Community Health Center Association of Mississippi to recruit providers for the state's twenty-one (21) community health centers and to plan and support an annual clinical conference on best practice models of care.

II. Program Objective:

The objective of Administrative and Support Services is to give managerial, operational, and technical support in the areas of accounting and budgeting, human resources, facilities maintenance and operation, purchasing, policy and procedure development, and information technology. The objective of the Primary Care Development Program is to help assure access to primary care services for under-served areas of the state.

III. Current program activities as supported by the funding in columns 5-12: FY 2020 Actual (FY 2021 Estimated & FY 2022 Increase/Decrease for continuation) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

The program conducts the following activities: (a) assess the need for primary care services, resources, and professionals in each locality of the state; (b) recruit health care professionals to areas of need and develop retention programs; (c) coordinate National Health Service Corps providers and foreign-trained health care providers (J-1 Visa Waiver and National Interest Waiver); (d) prepare information for Health Professional Shortage Area designation; (e) assist in developing strategies for reducing health care disparities; and (f) administer the Mississippi Qualified Health Center grant program.

IV. Additional program activities and outcomes that will result from increased funding in Columns 13-20 (MBR-1-03) and specified Budget Decision Unit columns (MBR-1-03-A):

No request for expansion for FY 2022.

15 Number of teen Comprehensive Reproductive Health Program users age 15 to 19	5,669.00	6,127.00	5,514.00	6,740.00
16 Number of family planning waiver patients served by MSDH	9,703.00	12,507.00	10,671.00	13,827.00
17 Number of providers and community partners receiving education on evidence-based Comprehensive Reproductive Health strategies and program services	325.00	300.00	325.00	350.00
18 Number of Comprehensive Reproductive Health educational materials distributed through local providers and community partners	35,000.00	30,000.00	35,000.00	40,000.00
19 Number of providers contracted to deliver mammography services	111.00	49.00	49.00	52.00
20 Number of providers contracted to deliver breast and cervical cancer screening services	121.00	187.00	187.00	190.00
21 Number of women screened for breast or cervical cancer	4,000.00	3,664.00	3,700.00	3,750.00
22 Number of women referred to Medicaid for treatment of breast or cervical cancer	105.00	98.00	105.00	110.00
23 Number of breast biopsies	200.00	329.00	350.00	360.00
24 Number of cervical biopsies	766.00	46.00	50.00	55.00
25 Number of colposcopies	811.00	51.00	55.00	60.00
26 Number of breast and cervical cancer prevention education programs conducted	45.00	28.00	28.00	30.00
27 Number of newborns screened for genetic disorders	35,900.00	35,644.00	36,000.00	36,000.00
28 Number of genetic screens with positive or inconclusive results	170.00	1,100.00	1,000.00	1,000.00
29 Number of mayoral health councils established	18.00	18.00	16.00	19.00

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

State Department of Health (301-00)		1 - Health Services			
Name of Agency		PROGRAM NAME			
30	Number of community partnerships with breastfeeding coalitions and other community organizations that provide services to prenatal, postpartum, and breastfeeding mothers	5.00	8.00	10.00	10.00
31	Number of lactation professionals trained	21.00	0.00	0.00	0.00
32	Number of training sessions provided to assist delivering hospitals in achieving Baby Friendly designation	11.00	12.00	12.00	12.00
33	Number of educational sessions provided by peer counselors to prenatal and breastfeeding mothers	11,358.00	34,313.00	34,500.00	34,800.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Average number of hours spent establishing and providing assistance to mayoral health councils, per month, per council	10.00	10.00	10.00	10.00
2 Cost per educational session provided by peer counselors to prenatal and breastfeeding mothers	6.00	6.00	6.00	6.00
3 Cost per training session provided to assist delivering hospitals in achieving Baby Friendly designation	250.00	0.00	0.00	0.00
4 Cost per lactation professional trained	940.00	0.00	0.00	0.00
5 Cost per patient for PHRM/ISS monthly case management	397.11	397.11	452.09	452.09
6 Average cost per patient enrolled in Comprehensive Reproductive Health	185.00	185.00	185.00	185.00
7 Percentage of program funds used for providing comprehensive reproductive health services	100.00	100.00	100.00	100.00
8 Average cost per comprehensive reproductive health educational material distributed through local providers and community partners	0.99	2.00	2.00	2.00
9 Cost per screening mammogram	175.93	174.00	173.00	173.00
10 Cost per colposcopy/cervical biopsy	136.51	938.00	892.00	892.00
11 Percentage of women with abnormal breast findings who received complete follow-up services and diagnosis within 60 days of screening	92.00	82.00	83.00	84.00
12 Percentage of women with a diagnosis of breast cancer who received treatment within 60 days	88.00	88.00	89.00	89.00
13 Percentage of women with abnormal cervical findings who received complete follow-up services and diagnosis within 90 days of screening	87.00	73.00	74.00	75.00
14 Percentage of women with a diagnosis of cervical cancer who received treatment within 90 days	84.00	94.00	94.00	95.00
15 Cost per newborn genetic screening	130.00	130.00	130.00	130.00
16 Percentage of newborns who received a repeat genetic screen due to inadequate or rejected specimens	3.00	2.45	1.00	1.00
17 Cost per patient enrolled in Lifestyle Change Program	500.00	500.00	500.00	500.00
18 Cost per participant of Chronic Disease Self-Management and Diabetes Self-Management Program workshops conducted for people living with a long-term health condition, along with their family member or caregiver (DSMP specifically targets those with diabetes)	72.05	72.05	72.05	72.05
19 Cost per participant enrolled in Certified Diabetes Education preparation course	675.00	675.00	680.00	680.00
20 Cost per healthcare provider trained on the effective use of electronic health records to manage high blood pressure	285.00	285.00	285.00	285.00

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

State Department of Health (301-00)		1 - Health Services		
Name of Agency		PROGRAM NAME		
21	Average time spent providing technical assistance to state agency worksite wellness committees (hours per month)	20.00	20.00	20.00
22	Average time spent providing technical assistance to schools and communities to implement shared-use agreement policies that enhance opportunities for physical activity within these sites	12.00	12.00	12.00
23	Average time to inspect child safety seats at child safety checkpoints (minutes)	20.00	20.00	20.00
24	Cost per child safety seat	46.18	53.08	53.08

PROGRAM OUTCOMES: (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Percentage of infants breastfed through six months of age (WIC population)	5.40	5.50	5.60	5.70
2 Percentage of infants who were ever breastfed (WIC population)	49.50	47.64	48.00	49.00
3 State infant mortality rate (per 1,000 live births)	8.40	8.70	8.40	8.20
4 Incidence rate of low-birthweight births (less than 5 lbs, 8 oz)	11.30	11.60	11.30	11.20
5 Percentage of women who received prenatal care in first trimester	74.30	77.00	74.30	73.40
6 Percentage of live births delivered prior to 37 weeks of gestation	12.10	14.20	12.40	12.00
7 Teenage birth rate age 15-19 years (live births per 1,000 women age 15-19)	27.30	27.80	25.10	22.90
8 Births to unmarried women as a percentage of total live births	53.20	54.10	53.20	53.10
9 Female breast cancer incidence rate per 100,000 population (age-adjusted)	116.50	118.80	119.00	119.00
10 Rate of female breast cancer deaths per 100,000 population (age-adjusted)	25.50	21.50	20.50	20.50
11 Cervical cancer incidence rate per 100,000 population (age-adjusted)	9.19	9.30	9.20	9.18
12 Rate of cervical cancer deaths per 100,000 population (age-adjusted)	3.60	3.00	3.00	2.90
13 Percentage of newborns screened	97.00	99.80	100.00	100.00
14 Number diagnosed with a genetic disorder	90.00	92.00	90.00	90.00
15 Percentage of newborns with positive and inconclusive genetic screens who received recommended follow-up	100.00	100.00	100.00	100.00
16 Percentage of population diagnosed with diabetes	13.70	14.30	14.80	14.90
17 Premature death rate due to cardiovascular disease (per 100,000 population) (death less than 75 years)	133.20	131.50	136.10	138.40
18 Percentage of adults who are obese (Body Mass Index of 30 or more, regardless of sex)	39.30	39.50	40.80	42.20
19 Adult compliance with recommended levels of aerobic physical activity (percentage of adults who report participating in 150 minutes or more of aerobic physical activity per week)	71.90	44.70	49.30	54.20
20 Incidence of lung cancer per 100,000 (age-adjusted)	50.00	71.70	71.00	70.10
21 Lung Cancer death rate per 100,000 (age-adjusted)	956.40	49.70	48.60	47.40
22 Mississippi mortality rate per 100,000 population (age-adjusted)	0.00	935.10	950.30	950.80
23 Deaths of persons age 0-4 by: Motor vehicle injuries (number)	0.00	0.00	0.00	0.00
24 Deaths of persons age 0-4 by: Motor vehicle injuries (rate per 100,000 population)	0.00	4.90	0.00	0.00
25 Deaths of persons age 0-4 by: All unintentional injuries (includes motor vehicle)(number)	0.00	0.00	0.00	0.00

PROGRAM PERFORMANCE MEASURES

2 - Health Protection

Name of Agency

PROGRAM NAME

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry on the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Number of public water systems surveyed/inspected: Community systems	1,038.00	724.00	1,038.00	1,038.00
2 Number of public water systems surveyed/inspected: Non-transient non-community	69.00	39.00	69.00	69.00
3 Number of public water systems surveyed/inspected: Transient non-community	90.00	56.00	113.00	120.00
4 Number of water quality samples analyzed for compliance with Safe Drinking Water Acts: Microbiological	54,000.00	51,409.00	55,240.00	55,240.00
5 Number of water quality samples analyzed for compliance with Safe Drinking Water Acts: Radiological	600.00	353.00	600.00	600.00
6 Number of water quality samples analyzed for compliance with Safe Drinking Water Acts: Chemical	14,000.00	11,166.00	16,400.00	16,400.00
7 Number of reviews of engineering plans and specifications for new or modified public water supply projects	475.00	437.00	490.00	500.00
8 Number of "Boil Water Notices" issued on public water systems: State Issued	35.00	1.00	35.00	35.00
9 Number of "Boil Water Notices" issued on public water systems: Self Imposed	650.00	572.00	650.00	650.00
10 Number of "Boil Water Notices" issued on public water systems: State assisted	50.00	74.00	50.00	50.00
11 Total number of certified water works operators	1,250.00	1,223.00	1,250.00	1,275.00
12 Total number of certified water works operators - Number of new certified operators	75.00	88.00	75.00	75.00
13 Total number of certified water works operators - Number of recertifications issued	400.00	394.00	400.00	425.00
14 Number of public water systems that implemented a new water fluoridation program	4.00	4.00	3.00	3.00
15 Number of Trauma Records audited	1,844.00	2,646.00	2,646.00	2,646.00
16 Number of Trauma Registrars from reporting hospitals received training	168.00	42.00	168.00	168.00
17 Number of training presentations conducted by MSDH staff on water fluoridation	14.00	16.00	25.00	25.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Cost per unit for sanitary surveys/inspections	500.00	700.00	525.00	573.00
2 Percentage of water systems surveyed/inspected	100.00	69.00	100.00	100.00
3 Percentage of water quality violations address withing required time frames.	95.00	97.00	95.00	95.00
4 Cost per unit for review of engineering plans and specifications	340.00	333.00	360.00	370.00
5 Percentage of engineering plans and specifications for public water supply projects reviewed and commented on within 10 working days of receipt	96.00	98.00	96.00	96.00
6 Cost per boil water notice issued	56.00	53.00	62.00	65.00
7 Percentage of boil water notices issued within 24 hours of sample results or receipt of a request	100.00	100.00	100.00	100.00

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

State Department of Health (301-00)		2 - Health Protection		
Name of Agency		PROGRAM NAME		
8	Cost per water works operator certification	112.00	97.00	105.00
9	Percentage of community public water supplies with an MSDH certified operator	100.00	99.00	100.00
10	Percentage of public water systems that fluoridate or have naturally optimal fluoride levels	23.00	19.70	23.00
11	Cost of Trauma Registry audit per facility	1,000.00	635.00	635.00
12	Cost per quarterly Trauma Registrar training session	500.00	0.00	500.00

PROGRAM OUTCOMES: (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Percentage of Mississippi population receiving water from a public water supply	92.00	91.00	92.00	92.00
2 Percentage of Mississippi population receiving water from a public water supply which has had no water quality violations of the Safe Drinking Water Acts in the past year	92.00	92.00	92.00	92.00
3 Percentage of Mississippi population receiving optimally fluoridated water	57.00	19.10	59.00	59.00
4 Transfer time of Level III and IV trauma centers to appropriate facilities for treatment (minutes)	130.00	116.00	130.00	130.00

PROGRAM PERFORMANCE MEASURES

3 - Communicable Disease

Name of Agency

PROGRAM NAME

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry on the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Number of mosquito-borne illness reports (West Nile Virus) received and investigated	80.00	43.00	74.00	66.00
2 Number of food-borne illness (salmonella) case reports investigated	1,161.00	1,234.00	1,175.00	1,200.00
3 Number of newly-reports verified tuberculosis (TB) cases starting therapy	81.00	81.00	55.00	50.00
4 Number of contacts identified to verified smear-positive TB cases	849.00	849.00	237.00	200.00
5 Number of newly-reported tuberculosis infection patients starting therapy	347.00	972.00	612.00	500.00
6 Number of TB suspects	642.00	630.00	614.00	550.00
7 Number of MSDH patients screened for gonorrhea and chlamydia using DNA technology	40,500.00	76,404.00	62,651.00	63,904.00
8 Number of STD diagnostic, treatment, and follow-up services (nursing encounters only)	27,723.00	0.00	0.00	0.00
9 Number of HIV antibody screening tests conducted by MSDH	42,650.00	46,793.00	40,710.00	41,254.00
10 Number of persons served by AIDS Drug Program	2,800.00	3,008.00	3,200.00	3,300.00
11 Doses of childhood vaccine administered in MSDH clinics to those 0-18 years.	90,365.00	75,390.00	79,159.00	83,117.00
12 Number of providers enrolled in Vaccines for Children Program	463.00	476.00	480.00	485.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Costs of mosquito-borne illness (West Nile Virus) per case investigated	180.00	184.00	184.00	184.00
2 Costs of food-borne illness (salmonella) per case investigated	106.00	110.00	110.00	110.00
3 Percentage of newly-reported verified tuberculosis (TB) cases who completed therapy	96.00	93.08	70.80	95.00
4 Percentage of identified contacts who verified smear-positive TB cases who are evaluated	65.00	100.00	100.00	100.00
5 Percentage of newly-reported tuberculosis infection patients who completed therapy	80.00	80.00	68.00	70.00
6 Percentage of new primary and secondary syphilis cases interviewed within 14 days of specimen collection	50.00	50.00	52.00	54.00
7 Percentage of new primary and secondary syphilis contacts treated within 14 days of interview	70.00	79.00	80.00	82.00
8 Average cost of AIDS Drug Program per person served (affected by patient rotation)	13,500.00	13,500.00	13,500.00	13,500.00
9 Percentage of HIV partner notification reports completed and returned within 14 days	65.00	0.00	0.00	0.00
10 HIV Contact Index (number of contacts named divided by number of original patients)	0.85	0.68	0.70	0.72
11 Cost per child of age-appropriate immunizations administered for children 19 to 35 months of age	1,259.00	1,272.00	1,296.00	1,356.00

PROGRAM PERFORMANCE MEASURES

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

State Department of Health (301-00)		3 - Communicable Disease			
Name of Agency		PROGRAM NAME			
12	Cost per adolescent of age-appropriate immunizations administered for adolescents 13 to 17 years of age	792.00	808.00	842.00	879.00

PROGRAM OUTCOMES: (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Adolescent immunization rates (age 13 to 17 years): Human papillomavirus (HPV) females	28.50	38.10	39.50	45.00
2 Adolescent immunization rates (age 13 to 17 years): Combined tetanus, diphtheria, pertussis (Tdap)	39.50	90.00	93.50	93.50
3 Adolescent immunization rates (age 13 to 17 years): Meningococcal	93.00	64.00	66.00	70.00
4 Rate of two year old children fully immunized (National Immunization Survey: 4:3:1:3:3:1:4 series - 19 to 35 months)	72.00	68.70	72.00	76.00
5 HIV Disease: Case rate per 100,000	15.80	16.10	14.10	15.10
6 HIV Disease: Number of cases	472.00	480.00	420.00	450.00
7 Gonorrhea: Case rate per 100,000	328.10	407.60	409.90	420.00
8 Gonorrhea: Number of cases	9,800.00	12,130.00	12,200.00	12,500.00
9 Primary and Secondary Syphilis: Case rate per 100,000	16.20	23.40	22.50	23.50
10 Primary and Secondary Syphilis: Number of Cases	484.00	696.00	670.00	700.00
11 Chlamydia: Case rate per 100,000	746.60	854.10	739.20	756.00
12 Chlamydia: Number of cases	22,300.00	25,419.00	22,000.00	22,500.00
14 Tuberculosis: Case rate per 100,000	2.34	1.75	1.75	1.75
15 Tuberculosis: Number of cases	70.00	55.00	55.00	55.00
16 Pertussis: Case rate per 100,000	1.50	1.81	0.54	1.28
17 Pertussis: Number of cases	44.00	54.00	16.00	38.00
18 Hepatitis A: Case rate per 100,000	1.10	4.47	10.89	7.69
19 Hepatitis A: Number of cases	34.00	133.00	324.00	229.00
20 Food-borne illness (salmonella): Case rate per 100,000	38.87	41.46	39.48	40.32
21 Food-borne illness (salmonella): Number of outbreaks	9.00	4.00	5.00	6.00
22 Mosquito-borne illness (West Nile Virus): Number of cases	45.00	15.00	20.00	25.00
23 Measles: Number of cases	0.00	0.00	0.00	0.00
24 Measles: Case rate per 100,000	0.00	0.00	0.00	0.00
25 Mumps: Number of cases	98.00	44.00	4.00	4.00
26 Mumps: Case rate per 100,000	3.30	1.48	0.13	0.13
27 Mosquito-borne illness (West Nile Virus) - Number of Deaths	2.00	0.00	1.00	2.00

PROGRAM PERFORMANCE MEASURES

Name of Agency

PROGRAM NAME

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry on the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Number of counties with Tobacco-Free Coalitions implementing evidence-based programs consistent with CDC best practice guidelines	82.00	82.00	82.00	82.00
2 Number of unduplicated individuals who contacted Office of Tobacco Control (OTC)	7,046.00	4,801.00	4,945.00	4,945.00
3 Number of unduplicated individuals who have completed the intake process for OTC-funded tobacco cessation treatment programs	6,057.00	4,218.00	4,345.00	4,432.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Per capita funding for cessation interventions (MS Tobacco Control Program Fund)	0.63	1.39	1.41	1.41
2 Per capita funding for community interventions (MS Tobacco Control Program Fund)	1.44	0.67	0.70	0.70

PROGRAM OUTCOMES: (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Percentage of current smokers among public middle school students	2.20	3.00	2.80	2.60
2 Percentage of current smokers among public high school students	6.50	6.50	6.30	6.10
3 Percentage of current smokers among adults 18 years and older	21.80	20.50	20.10	19.80

PROGRAM NAME

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry on the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Number of licensed medical facility emergency operation plans and MSDH emergency response plans and procedures reviewed and updated	755.00	744.00	755.00	760.00
2 Number of emergency preparedness and Strategic National Stockpile (pharmaceutical supplies) training sessions	140.00	106.00	110.00	125.00
3 Number of personnel trained to provide mass prophylaxis to the citizens of Mississippi in an emergency	900.00	763.00	800.00	875.00
4 Number of Cities Readiness Initiative training sessions	150.00	26.00	35.00	50.00
5 Number of people trained through Cities Readiness Initiative	150.00	431.00	275.00	285.00
6 Number of Closed Points of Dispensing pre-identified to provide mass prophylaxis during an event (thus increasing the speed of dispensing prophylaxis to all citizens)	867.00	859.00	884.00	911.00
7 Number of volunteers registered and credentialed in Mississippi Responder Management System to provide additional support when resources at the local and state level are limited during an incident	2,000.00	2,074.00	2,500.00	3,000.00
8 Number of pre-identified shelters to house individuals with medical needs requiring specialized care not obtainable in a general population shelter during an incident	12.00	12.00	12.00	12.00
9 Number of people these shelters would be able to house based on ADA assessments	889.00	889.00	889.00	889.00
10 Number of National Incident Management System and Homeland Security Exercise and Evaluation Program preparedness exercises conducted and real-world incidents responded to	10.00	2.00	8.00	10.00

PROGRAM EFFICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	FY 2020 APPRO	FY 2020 ACTUAL	FY 2021 ESTIMATED	FY 2022 PROJECTED
1 Percentage of emergency preparedness and response plans and procedures reviewed and approved	96.00	73.00	96.00	97.00
2 Percentage of population able to receive mass prophylaxis in closed points of dispensing rather than open points of dispensing during an event (thus increasing the speed of dispensing to all citizens)	48.00	43.40	46.00	49.00
3 Average cost savings to the state per staff person per day by using volunteers pre-registered and credentialed in Mississippi Responder Management System to support local resources during an incident versus using paid staff	363.00	363.00	396.00	429.00
4 Average cost savings to the state per individual with medical needs served in a specialized shelter versus hospitalization during an event	933.00	933.00	933.00	933.00
5 Average time required to produce after-action report improvement plan following an exercise or real-world emergency response	60.00	60.00	60.00	60.00

Agency Revenue Source Report - FY2020 Data
As Required by HB 831, 2015 Legislative Session
And SB 2387, 2016 Legislative Session

Agency Name

MS State Department of Health (301-00)

Budget Year

2020

State Support Sources

Amount Received

General Funds

32,726,458

State Support Special Funds

Amount Received

Education Enhancement Funds

-

Health Care Expendable Funds

8,176,157

A

Tobacco Control Funds

18,984,810

A

Capital Expense Funds

-

Budget Contingency Funds

-

Working Cash Stabilization Reserve Funds

-

BP Settlement Fund

-

Gulf Coast Restoration Fund

-

A - I had to make these amounts match what we actually spent so the Special Funds Detail would work properly

Special Funds

Amount Received

003S - Local Direct	7,727,920
022S - Laboratory Refunds	1,261,015
026S - Communications Public Relations Reimb	602
02DS - Vital Records - Health Data	68,000
030S - Human Resource Admin Refunds	238,673
032S - Overhead Recovery Medicaid	917,624
033S - Indirect Cost	13,751,673
038S Domestic Violence - Interest on Inv	24,058
03AS - District I Other	10,797

Domestic Violence Family Violence Prevention	1,037,044
Domestic Violence Rape Prevention and Education	299,980
Early Intervention	3,459,736
ELC Affordable Care	1,598,073

Develop and maintain data sources identifying occupational fatalities
To provide support, training and material to hospitals to deal with all hazards.
To provide resources that support emergency preparedness capabilities
All cancer prevention efforts statewide
Education and Research
To provide lab improvements
The Office of Health Data and Research manages the Mississippi Asthma Surveillance System, a federally-funded program to coordinate asthma control efforts in the state.
To provide data regarding Opioid abuse.
Funding to support COVID-19 pandemic
Funding to support COVID-19 pandemic
Funding to support COVID-19 pandemic
Funding to support COVID-19 pandemic
Funding to support COVID-19 pandemic
State background checks for direct patient access employees of long term care facilities and providers
To address gaps in national influenza surveillance.
To provide resources that support diabetes prevention, heart disease and stroke.
To support the establishment, maintenance, and expansion of programs for project to prevent family or domestic violence; to provide shelter assistance; and to provide specialized services.
To provide resources that support rape prevention and education
To provide services for Infant and Toddlers with Disabilities
Funding to provide additional resources by enhancing capacity to effectively detect, respond, prevent and control known and emerging/re-emerging infectious diseases.

Federal Funds

Amount Received

ELC Ebola Supplement	-
EMS EMSC Partnership	131,265
Ending the HIV Epidemic	98,062
Enhancing EHDI Surveillance System in MS	34,804
EPA Radon	21,912
Expectant and Parenting Teens	894,166
Facility Licensure HC - Title XIX	1,259,344
Facility Licensure HC - Title XVIII	2,270,038
Highway Safety - Child Seats	168,932
Human Services - CCDBG	1,000,000
Immunization	4,440,041
Immunization AFIX-IIS Integration	20,613
Improving Hepatitis B and C Care Cascades	181,798
IMPACT	6,986

Action or results promised in order to receive funds

Funding to provide additional resources to accelerate Epidemiology and Laboratory Capacity activities around infection control and response, and laboratory safety
Support demonstration projects for the expansion and improvement of EMS for children
Support to end HIV Epidemic in MS
The purpose of the EHDI Program is to develop, maintain, and enhance the Early Hearing Detection and Intervention in Mississippi
Educate the public about the dangers of indoor radon exposure and about specific actions that can be taken to reduce elevated radon levels in homes, schools, and workplaces
Throughout most of the state, there are pockets of case management/home visiting programs, but the majority of counties lack services for expectant and parenting teens except for PHRM/ISS, which has gaps due to its not serving 17, 18, 19 year olds without having an additional medical condition plus pregnancy. The importance of this funding is to provide direct services to this population which makes up the majority of teen pregnancies.
To provide Licensure/Certification Activities of medical facilities
To provide Licensure/Certification Activities of medical facilities
Unintentional injury prevention/car seat safety
To provide resources for inspecting child care facilities.
Promote and ensure through service and vaccines people of state protected from preventable diseases.
Funds from this grant allow MSDH to implement enhancements to the Mississippi Immunization Information eXchange (MIIX) which enables MIIX to generate information needed for the required AFIX assessments.
Focus on increased testing and diagnosis of Hep A and C
To provide Licensure/Certification Activities of medical facilities

Federal Funds

Amount Received

Impact of Preschool Obesity Program	278,213
Injury Prevention and Control Research - Drug Abuse Prevention and Surveillance	235,487
Jackson Heart Study	186,460
MCH Block Grant	11,768,000
Maternal Mortality	14,682
Mental Health - HIV Testing Subgrant	414,145
MRFPS Conformance Grant	14,680
MS Delta Health Collaborative	2,863,437
MS Lead Poisoning Prevention	529,118
MS Perinatal Quality Collaborative	(18,792)
National Institute for Children Health Quality	58,515
Newborn Hearing Screening	124,012

Action or results promised in order to receive funds

To provide resources to study the impact of preschool obesity.
Provide resources related to the Opioid epidemic
To provide resources to advance the scientific research for the prevention of cardiovascular disease and the elimination of health disparities.
Maternal and Child Health block grant that supports maternity, family planning and any service in support of these populations.
Support the Maternal Mortality committee in MS
Resources for HIV testing in mental health facilities
Support of scientific efforts in food safety
Reduce heart disease and stroke in MS Delta
The purpose of the Childhood Lead Poisoning Prevention and Healthy Homes Program is to provide statewide efforts to eliminate childhood lead poisoning in children less than 72 months of age and develop strategies to decrease housing related environmental hazards (i.e. mold, mildew, carbon monoxide, smoke and pest) that may contribute to undesirable health conditions.
Improve maternal and infancy health outcomes
Resources to decrease sudden unexpected infant death rates and decrease racial disparities in sleep-related deaths.
The purpose of the EHDI Program is to develop, maintain, and enhance the Early Hearing Detection and Intervention in Mississippi

Action or results promised in order to receive funds

Occupational Health and Safety Surveillance	160,276	The purpose of the MSDH OHS Program is to establish an occupational health and safety surveillance system within MS. The overall goal of this surveillance system is to promote "data-to-action". It is expected that the sharing of MS occupational health and safety surveillance data will drive prevention methods, intervention strategies, and policy change among MS' workforce, employers, public health entities, and legislature.
Office of Rural Health	262,975	The provision of technical assistance to rural health entities, coordination of rural health activities, and dissemination of rural health information.
Oral Health Promotion and Prevention	180,128	CDC Grant: Funding provides support for adequate staffing including epidemiology support to carry out program activities, key stakeholders engagement to enhance oral health promotion and foster collective impact among partners and other resources to increase community water fluoridation efforts
Personal Responsibility Education Program	167,472	To work with defined populations to ensure they maintain and have access to deal with chronic illness issues.
PHEP - CRI	76,581	To provide resource that support city readiness for all hazards
PHEP/HPP Ebola Supplement	(58,218)	To provide resources that support Ebola Virus Monitoring
ELC - ZIKA	608,160	To provide resources that support ZIKA monitoring
PRAMS	163,527	The PRAMS provides key population-based surveillance of selected maternal behaviors and experiences that occur around the time of pregnancy and early infancy that aligns with state priorities and initiatives to improve maternal and child health outcomes.
Preventive Health Block Grant	3,039,853	Provided preventive and community support statewide
Primary Care Agreement	232,611	Primary care service delivery and workforce issues in medically-underserved populations
Public Health Crisis Response	1,400,755	Response to the Opioid epidemic
Public Health Ensuring Quitline Capacity	147,043	Tobacco use and using the Quitline for public health approaches
Reproductive Health Title X	4,091,453	To provided Reproductive Health Services in MS

Federal Funds		Amount Received	Action or results promised in order to receive funds
Rural Health - SHIP Program		540,888	Support hospital activities related to patient quality improvement, attaining equipment and/or training
Rural Health Hospital Flex Program		407,564	Planning and implementing rural health care plans and networks
Safe Drinking Water		1,796,553	To ensure the water supply of the State of MS is safe.
Sexual Assault Services Formula Program		127,893	Funds to provide with the assistance of victims to sexual assault
Services to Support Victims of Human Trafficking		2,143	Funds to provide assistance for victims of human trafficking
SSDI - Systems Development		83,295	The purpose of the State Systems Development Initiative (SSDI) Grant Program is to develop, enhance and expand State Title V Maternal and Child Health (MCH) data capacity to allow for informed, data driven decision making and resource allocation that supports effective, efficient and quality state MCH programming.
STD/HIV - Sexually Transmitted Disease		1,090,617	To reduce morbidity and mortality by preventing cases and complications of STD
STD/HIV Care - Ryan White		20,469,631	Part B of the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Public Law 111-87) provides grants through the Health Services and Resources Administration (HRSA) to improve the quality, availability, and organization of HIV health care and support services. Within the Mississippi Part B grant there is a base grant for core medical and support services; the AIDS Drug Assistance Program (ADAP) award for medications; the Part B Supplemental award for recipients with demonstrated need; Minority AIDS Initiative funding for education and outreach to improve minority access to medication assistance programs, including ADAP; and supplemental grants to States with "emerging communities." , which is the City of Jackson.
STD/HIV Care Medical Monitoring		257,509	MMP is a surveillance system designed to learn more about the experiences and needs of people who are living with HIV. It is supported by the Centers for Disease Control and Prevention (CDC).

Description of any Maintenance of Effort agreements entered into with any federal agency or subdivision thereof

Action or results promised in order to receive funds

Resources to create a comprehensive surveillance system that collects detailed information on violent deaths and then disseminates the data to stakeholders and the public.
Provide oversight of all WIC Program activities
Increase Breastfeeding rates amount WIC Clients
Do nutrition education and entry to food package
Provide food to seniors that qualify monthly
Funds to support the movement of WIC to EBT
Provide defined food package to participants monthly
Increase child participation and retention: partnering with Head Start
Funds to support WIC infrastructure.
Funds to support the WIC program
Applies to various federal grants

The following federal grants have maintenance of effort requirements: 1) Early Intervention - we are required to spend the same amount of state funds that were spent in the previous year. This is approximately \$1.4 million with \$700,000 coming from the Department of Education in our appropriation bill. 2) Preventive Health Block Grant - we are required to spend in one year at the least the average of what was spent in the previous two years. This includes approximately \$200,000 in state general funds 3) Ryan White - we are required to maintain state expenditures at the same level as the previous year. We use expenditures incurred by another state agency to meet this requirement.
