## NARRATIVE OF SPECIAL FUNDS DETAIL AND TREASURY FUND/BANK ACCOUNTS

Department of Mental Health - Service Budget

Name of Agency

## FEDERAL FUNDS

The Service Budget of the Department of Mental Health is the designated state agency for the receipt of several large federal grants, nearly all of which are then
sub-granted out to service providers to deliver statewide services to persons with mental illness, mental retardation, emotional distrubance, and substance abuse (a small amount from some grants is used for administrative costs in the Central Office). These service providers are the fifteen (15) regional community mental health centers, the residential facilities operated by the Department of Mental Health (all of which operate substantial community based programs in addition to institutional services), other state agencies (including the Department of Corrections and Department of Vocational Rehabilitation, among others), and a large number of other public and private not-for-profit entities.

We were notified in July of 2010 that we would receive no more SSBG funds through DHS after June 30, 2011. The actual receipts reported for FYE $6 / 30 / 11$ is the last of it. We had been receiving $\$ 3,366,000$, all used for community services, and we requested general funds to replace it with our FYE $6 / 30 / 12$ budget request. But nothing was made available, forcing us to cut grants and reduce community services by a like amount.

The other three federal receipts are consistent with prior years, both in amounts and purposes for which they are used.

## STATE SUPPORT SPECIAL FUNDS

State source special funds for $6 / 30 / 11$ includes ARRA funding of $\$ 7,805,307$, which is not real money. This is the difference between the state share of Medicaid receipts for the CMHC's pre-ARRA and post-ARRA . The assumption made when including it is that this entity will receive that much MORE in total Medicaid than it otherwise would have, but the truth is this entity receives nothing at all from Medicaid. It goes to the CMHC's. And the CMHC's are not receiving one additional nickel extra from Medicaid as a result of the enhanced FMAP. Medicaid pays for services provided at the Medicaid rate. Neither the quantity of services delivered nor the rate per service changed as a result of ARRA. All that changed was the makeup of the Medicaid dollar. Pre-ARRA it was about $24 \phi$ state and about $76 \notin$ federal. Post-ARRA it was about $16 \not \subset$ state and $84 \not \subset$ federal. But it was still just a dollar. And that dollar is not collected by the Service Budget. This phony revenue is offset by a phony expenditure in Subsidies, Loans and Grants. FYE $6 / 30 / 11$ is the last fiscal year for which ARRA funds will be a factor. We are required to report this as an expenditure and a receipt even though it is neither.

For 2011 actual, we received $\$ 8,796,747$ in Healthcare funds that were also reappropriated for 2012, and we hope to keep that in 2013.

## OTHER SPECIAL FUNDS

DMH was required to pay one-half of the state's share of Medicaid match for CMHC's for the year ended June 30, 2011, with the CMHC's agreeing to pay the other half. Nothing was appropriated to DMH for that purpose, though. The estimated need was $\$ 13,645,000$, which we derived by transferring special funds from facility cash balances.

For FYE 6/30/12, our appropriation bill requires us to pay up to $\$ 20$ millon for the state's one-half share of CMHC Medicaid match, but we were only appopriated $\$ 17,165,000$ to do it with. A transfer of $\$ 2$ million general funds will be made from Mississippi Adolescent Center to the Service Budget to fill that gap. A letter justifying that transfer was sent around July 15, 2011, to LBO and DFA, as required by DMH appropriation bill. (The reason MAC is able to give that much up is because it was recently licensed as an ICF/MR, allowing it to receive full cost reimbursement. Now, rather than being a facility $100 \%$ reliant on general funds, it is only about $25 \%$ reliant on general funds, and that for the state match.)

Drug Court Assessment Funds received by the Service Budget are designated for Crisis Center Operations. 82.7\% of actual Drug Court Assessment Funds are received by the Service Budget for that purpose. The other 17.3\% of actual receipts goes to the Specialized Treatment Facility in Gulfport. A total of $\$ 4,626,185$ was actually received ( $\$ 3,825,804$ to SB and $\$ 800,381$ to STF), which is a decrease from the prior year total of $\$ 4,882,387$.

## PRIORITY LEVEL

(To Accompany Form MBR-1-03)
I. Program Description:

The Division of Community Services was established by action of the Board of Mental Health in 1974. The Division has the primary responsibility for development and maintenance of community based mental health services. Community mental health services are currently provided through 15 regional community mental health/mental retardation centers, the community services divisions of the residential psychiatric hospitals operated by DMH, and a number of other governmental and non-profit entities. Services provided include group homes, halfway houses, psychosocial rehabilitation, case management, partial hospitalization, day treatment, individual therapy, group therapy, family therapy, medication purchase, medical evaluation and monitoring, emergency 24-hour crisis intervention, Alzheimers treatment, and psychotropic medication injections.

The Bureau of Mental Health was created by the Board of Mental Health in 1986, and assumed oversight of the activities of the Division of Community Services and the state psychiatric hospitals. There are six residential facilities under the oversight of the Bureau of Mental Health (Mississippi State Hospital, East Miss. State Hospital, North Miss. State Hospital, South Miss. State Hospital, Central Miss. Residential Center, and Specialized Treatment Facility). In addition, there are seven crisis centers operated by four of these facilities, six of which are open and operating and one of which is currently under construction. The six operating crisis centers are in Cleveland, Grenada, Corinth, Batesville, Newton, and Purvis. The one currently under construction is in Brookhaven.
II. Program Objective:

The primary objective of mental health services is to provide timely programs and services in the community for seriously mentally ill patients as alternatives to institutional placement, thus enabling patients to be served in the least restrictive environment and as close to home as possible.
III. Current program activities as supported by the funding in Columns 6-15 (FY 12 Estimated \& FY 13 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:
(D) CMHC Medicaid match:

DMH is required to spend up to $\$ 20$ million for the state's one-half share of CMHC Medicaid match in 2012, but only $\$ 17,165,000$ was made available for that purpose. $\$ 2$ million general funds will be transferred from Miss. Adolescent Center to bring funds available to $\$ 19,165,000$ during 2012. An additional $\$ 800,000$ is requested for 2013, making it almost $\$ 20$ million, and an additional $\$ 20$ million is requested for full funding of the match.
(E) Pre-admission evaluation s:

An estimated $\$ 1$ million will be spent on these during FYE $6 / 30 / 12$, about $\$ 600,000$ of which will be covered by funds transferred from facilities. General funds are requested to continue this program.
IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):
(F) State level MAP team coord:

Funding to provide a coordinator for state level "Making A Plan" teams to ensure these teams function as intended.
(G) Peer specialists:
$\$ 60,000$ for each of the $15 \mathrm{CMHC's}$ to provide peer specialists
(H) One new Crisis Stab. unit:
one new crisis stabilization unit. There are currently seven.
(I) Mobile Crisis Units:

To establish mobile crisis response units at all fifteen CMHC's. This service already exists to a very limited extent, which is why it is shown as an expansion, but this expansion is so much of an improvement that it almost constitutes a new service. And a very needed service.

# PROGRAM NARRATIVE 

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)
(J) Intensive case mgt. teams:

To significantly expand intensive case management teams at all fifteen CMHC's.
(K) employment spec. coords.:

To expand signifcantly employment opportunities for clients by providing two specialists at each CMHC. This won't pay the entire cost of thirty such specialists, but will pay a signifcant part of it. The CMHC will pick up the remaining part.
(L) Expand MAP teams:

To improve access to care by providing "Making A Plan" teams at all fifteen CMHC's. Each MAP team includes a coordinator, MH case manager, IDD case manager, and peer specialist.
(M) Telemedicine:

To improve telemedicine capabilities.
(N) Central call in:

Establish a centralized information and referral system to make it easier for persons seeking mental health assistance to find that help.
(O) Pos. Assert. Comm. Tmt. te:

One new Positive Assertive Community Treatment team.
(P) Community support teams:
$\$ 100,000$ for each of the 15 CMHC's to establish community support teams.
$(\mathrm{Q})$ in home respite:
To provide in-home respite services so that families with individuals with mental retardation, mental illness, and Alzheimer's can have a "day off" now and then. Services such as this are vital to maintaining individuals requiring constant care in their homes.
(R) Transp. call in center:

A centralized call in for providing transportation. One of the barriers to succesful community treatment is that people with disabilties frequently have no way to get to the grocery store, medical appointments, jobs, or any of the other things non-disabled people take for granted. This service will link providers to those needing such services.
(S) Training on best practices:

Funds for training on four specific evidence based or best practices prior to implementation.
(T) Learning collaboratives:

To provide a mechanism to share evidence based and best practices among providers.
(U) Contract for web based app:

One time contract to develop reports and web-based applications.

## PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)
(V) MHSIN funding:

Funding to participate in MSHIN, a data management and decision making suport system.

# PROGRAM NARRATIVE 

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)
I. Program Description:

The Bureau of Mental Retardation is responsible for ensuring the provision of services to Mississippi's citizens who are mentally retarded or developmentally disabled. The Bureau was established by Mississippi Code Section 41-45.

The Bureau of Mental Retardation provides funding and administration for an array of services encompassing institutional to community alternatives. The availability of a continuum of services allows the state's children and adults with mental retardation and developmental disabilities to obtain services in the least restrictive environment suitable to their individual situations in order to maintain maximum development and independence.

Specific responsibilities of the Bureau are administration of state appropriated funds for mental retardation services; administration of federal Developmental Disabilities funds and Social Services Block Grant funds for community services (community living arrangements, case management, child development, employment related activities, and work activity programs); administration of the Medicaid Home and Community Based Waiver option for persons with mental retardation, including provision of state funds required for match, to provide choices and options of community based services and supports; operation of six residential retardation centers; and collaboration with other agencies serving the state's citizens who are mentally retarded and/or developmentally disabled.

There are six residential facilities overseen by this Bureau as well: Boswell Regional Center, Ellisville State School, Hudspeth Regional Center, North Miss. Regional Center, South Miss. Regional Center, and Juvenile Rehabilitation Facility.
II. Program Objective:

The basic objective of the Bureau of Mental Retardation is to assure that each individual who is mentally retarded and/or developmentally disabled will have every opportunity to develop his or her capabilities to the fullest extent in the least restrictive environment possible. To this end, the Bureau will provide an array of services and care which will include community living arrangements, case management, early intervention services, employment related activities, residential retardation centers, and work activity programs.
IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):
(D) HCBS Waiver match:

Funds to provide state match at $25.2 \%$ to allow an additional 1200 clients to be enrolled in the HCBS waiver program.

# PROGRAM NARRATIVE 

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)
I. Program Description:

The Division of Children and Youth Services was established by action of the Board of Mental Health in October, 1980, and became a part of the Bureau of Mental Health in 1986. It is responsible for determining the mental health services needs of children and youth in Mississippi and for planning and developing programs to meet those identified needs. Division personnel will direct, supervise, and coordinate the implementation of department funded children and youth mental health programs which are operated by community mental health service providers. The Division will develop and supervise evaluation procedures for these programs to ensure their quality and will oversee the enforcement of federal, state, and local regulations and department guidelines and standards.
II. Program Objective:

The overall objective of the Division is to develop a basic continnum of regionalized, communitiy based mental health services for children and adolescents which will focus on family and community involvement. The continuum or system of care which will be put in place throughout the state will include prevention, outpatient, day treatment, crisis intervention, case management, and a variety of residential programs. The intent of having such a system in place will be to provide the most appropriate type of service needed by the child or adolescent as close as possible to his or her home and family in order that the family may be involved in the treatment. Having a range of appropriate services in place will prevent inappropriate institutionalization from occurring due to unavailability of alternatives.

# PROGRAM NARRATIVE 

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)
I. Program Description:

The Division of Alcohol and Drug Abuse was established by the Mississippi Legislature in 1974 (Miss. Code sections 41-30-1 through 41-30-39) and became a part of the Bureau of Mental Health in 1986. The Division is responsible for establishing, maintaining, monitoring, and evaluating a statewide system of alcohol and drug abuse services, including prevention, treatment, and rehabilitation.

## II. Program Objective:

The overall objective of the Division is to provide a continuum of community based accessible services to the citizens of Mississippi. The services include prevention, outpatient, detoxification, residential, inpatient, and aftercare services. These services must be monitored for quality of care and cost effectiveness. It is further the objective of the Division to work cooperatively with other state and local agencies to avoid duplication of effort and to facilitate the referral of clients into the alcohol and drug abuse treatment system.

## PROGRAM PERFORMANCE INDICATORS AND MEASURES

## Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

Department of Mental Health - Service Budget

PROGRAM OUTPUTS: (This is the measure of the process necessary to carry out the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

|  | $\begin{array}{r} \text { FY } 2011 \\ \text { ACTUAL } \end{array}$ | FY 2012 <br> ESTIMATED | FY 2013 <br> PROJECTED |
| :---: | :---: | :---: | :---: |
| 1 \# of psychotropic drug prescriptions purchased | 9,766.00 | 10,000.00 | 10,000.00 |
| 2 Halfway house beds | 34.00 | 34.00 | 34.00 |
| 3 Group home beds | 248.00 | 248.00 | 248.00 |
| 4 Crisis center patient days | 36,400.00 | 38,800.00 | 38,800.00 |

PROGRAM EFEICIENCIES: (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

|  | $\begin{gathered} \text { FY } 2011 \\ \text { ACTUAL } \end{gathered}$ | $\text { FY } 2012$ <br> ESTIMATED | FY 2013 <br> PROJECTED |
| :---: | :---: | :---: | :---: |
| 1 Average cost per prescription purchased | 99.63 | 100.00 | 100.00 |
| 2 Operating cost per day - halfway houses | 65.25 | 65.25 | 65.25 |
| 3 Operating cost per day - goup homes | 72.33 | 72.33 | 72.33 |
| 4 Crisis center cost per patient day | 270.62 | 270.62 | 270.62 |

This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by $\mathrm{x} \%$ within a 12 -month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.)

ACTUAL
ESTIMATED
PROJECTED
1 Provision of community mental health services, including but
1.00
1.00 not limited to purchase of psychotropic medications and provision of community based residential services, provide alternatives to inpatient treatment at state psychiatric hospitals. Provision of these services has a very positive impact on meeting the needs of mentally ill consumers in Mississippi, but it is difficult to quantify this impact in numerical terms. Absent community based services such as these, many patients would likely be added to the waiting lists for admission to the state hospitals, and many would likely end up homeless.

1 The services provided to the citizens of the state in community

| FY 2011 | FY 2012 | FY 2013 |
| :---: | :---: | :---: |
| ACTUAL | ESTIMATED | PROJECTED |
| 1.00 | 1.00 | 1.00 | services through the Bureau of Mental Retardation are directed toward the mission of the Department of Mental Health, which is the provision of clinically appropriate services in the least restrictive environment possible. By providing ample opportunities for persons with mental retardation and developmental disabilities to live and work, citizens are offered a better system to take advantage of the home, family, and community supports that are available near their homes. These services offer people alternatives to institutional placement as a first prioritiy. These services, provided in nearly all counties in the state, provide persons who have been institutionalized and who are ready to move an opportunity to have a place at or near their own homes and community along with the support system available there. Without these programs, the only alternative for many clients would be institutional placement, and the present mental retardation facilities all have lengthy waiting lists. Therefore, while it is difficult to quantify the benefits of these services in numerical terms, there is no question that these services reduce dependence on much more expensive institutional placements.

which serve children and adolescents with serious emotional disturbance, and 3 months for the residential chemical dependency program, these services can effectively treat as many as 200 clients per year. Without the availability of these programs, these clients would most likely remain untreated for quite some time while awaiting admission to one of the residential programs operated by the state hospitals, both of which have long waiting lists. The other community services administered by this division also serve to treat clients much sooner than would be possible if those services did not exist, thus improving the quality of life for the clients and their families and often avoiding admission to acute psychiatric hospitals. Again, it is difficult to quantify the outcome of these programs in numerical terms, but their existence certainly reaps real benefits in the lives of the clients and families that recevie services.

# NARRATIVE 2013 BUDGET REQUEST 

Department of Mental Health - Service Budget
Name of Agency
Note concerning General Funds for FYE 6/30/11 and 6/30/12:
During the year ended June 30, 2011, $\$ 5,479,727$ General Funds associated with Crisis Centers was transferred from those DMH entities that operated those centers to the Service Budget. Effective July 1, 2010, operation of crisis centers is contracted via grants through the Service Budget. Then, $\$ 1,102,000$ General Funds were "swept" via House Bill 1054. This is a reconciliation of General Funds in the Service Budget:

Original appropriation - \$14,548,602

+ transfers for crisis centers - \$5,479,727
- funds "swept" via HB 1054 - ( $\$ 1,102,000$ )
$=$ total available $-\$ 18,926,329$ (all of which was spent)
For the year ending June 30, 2012, $\$ 39,214,098$ is the original General Fund appropriation. $\$ 2,000,000$ will be transferred in from the Mississippi Adolescent Center for funding CMHC match, as further explained in the Budget Request Narrative that follows.

## Budget Request Narrative

The Service Budget administers over $\$ 71,000,000$ in state, federal, and other funding, all of which is directed to providing community based services for Mississippians with mental illness, mental retardation, and substance abuse. Almost $\$ 30,000,000(42 \%)$ of that is for one-half of the state's share of Medicaid payments for community mental health centrers (the centers pay the other half) and for all of the state's share of Medicaid payments for the waiver program serving persons with mental retardation. The other $58 \%$ of funds, which includes all the federal funds, is directed to community based programs that are not Medicaid reimbursable.

DMH is required to spend up to $\$ 20,000,000$ during FYE 6/30/12 toward one-half of the state's share of Medicaid match for the CMHC's. But only $\$ 17,165,000$ was actually appropriated to the Service Budget for that purpose. Because the Mississippi Adolescent Center in Brookhaven became eligible for full cost Medicaid reimbursement for the current fiscal year, $\$ 2,000,000$ in general funds originally appropriated to MAC will not be needed by MAC, and those funds will be transferred to the Service Budget during this year to fill the gap between appropriated funds and estimated expenditure. That still leaves a possible gap of $\$ 835,000$ to be dealt with in the current year.

DMH is requesting an increase of $\$ 20,800,000$ for this program, $\$ 800,000$ to fill most of the remaining part of the estimated gap that exists for the current year (mentioned in the preceding paragraph), and $\$ 20,000,000$ to pay the one-half share of state match that the CMHC's are expected to pay during the current year. The current system of the state paying half and the CMHC's paying the other half has been termed "unsustainable" by more than one CMHC, and may also be in conflict with federal regulations governing sources of state share of Medicaid. The Medicaid program provided almost $\$ 150,000,000$ worth of services to around 50,400 Mississippians through the fifteen regional community mental health centers, representing at least two-thirds of the receipts of those centers in most cases, during the year ended June 30, 2011. Without this Medicaid program, the public community mental health system would be severely reduced and the resulting increased demand on the public inpatient system would greatly increase the waiting list for services. (This program is projected to cost about $\$ 159,000,000$ during FYE 6/30/13, state match on which would be about $\$ 40,000,000$ at the current state share of $25.2 \%$.)

DMH is also requesting an increase of $\$ 7,300,000$ for the state match on Medicaid payments under the Home and Community Based Services (HCBS) Waiver for clients with mental retardation. Clients approved for service in this waiver program must meet the same eligibility requirements that clients approved for admission to an Intermediate Care Facility for the Mentally Retarded (ICF/MR) meet. Mississippi curretnly has about 1800 clients enrolled for

## NARRATIVE 2013 BUDGET REQUEST

Department of Mental Health - Service Budget
Name of Agency
services, and this requested increase will allow an additional 1200 clients to be enrolled. Even after that occurs, if it occurs, there will still be over 1500 clients aproved for admission that will remain on the waiting list. For the most recent fiscal year, the 1800 clients enrolled in this program received services with a value of almost $\$ 42,100,000$. Due to the enhanced federal share of Medicaid under ARRA, only about $\$ 7,200,000$ state source funds were required to match about $\$ 34,900,000$ in federal funds. But the enhanced federal share ceased June 30, 2011, which means that about $\$ 10,800,000$ will be required for match in the current year to serve that same number of clients. This is what is allocated for that purpose. The addition of $\$ 7,300,000$ in state funds would allow an additional $\$ 21,700,000$ in federal funds to be drawn, providing a total of $\$ 29,000,000$ with which to serve an additional 1200 clients. Each client is projected to recieve about $\$ 24,000$ annually in services, based on the average provided during the year just ended. This is less than $25 \%$ of the cost of placement in an ICF/MR. (But there will always be a demand for ICF/MR services. A client in the waiver program must have a very stable and fairly substantial support system to remain in the community, even with waiver services, and many people whose disability is severe enough for institutional placement simply do not have that available.)

DMH is also requesting $\$ 600,000$ for pre-admission evaluation screenings. An estimated $\$ 1$ million will be spent on this service in FYE $6 / 30 / 12$, of which $\$ 600,000$ will be covered by funds transferred from DMH facilities. Well over $\$ 15$ million has been transferred from facilities to the service budget in the last few years, mostly for CMHC Medicaid match, and our ability to continue living off those "savings" is greatly diminished. The cash balance we are projecting to end June 30, 2012, with is the minimum necessary for working capital. We're requesting $\$ 600,000$ to continue this program.

This program pays for a pre-admission evaluation screening on every Mississippian on whom commitment papers have been filed. Every person on whom commitment papers have been filed must be evaluated by competent clinicians to determine if commitment is necessary. These screenings occur prior to that evaluation occurring and, in many cases, result in the person not be committed for treatment. The payment is $\$ 15.50$ per unit, maximum of 8 units, per person on whom commitment papers have been filed. If the person is diverted (not committed for treatment), the CMHC is also paid $\$ 250$. This program results in at least $25 \%$ of people on whom commitment papers have been filed NOT being committed for treatment. Rather, they receive treatment in the community. As such, it is a very cost effective way to keep the waiting list down at the state hospitals AND to encourage treatment locally for people who are sick enough to have had commitment papers filed on them. For that reason, DMH does not place a limit on how many pre-evaluation screenings can be done. It is self limited to the number of people on whom commitment papers have been filed which is, lately, about 6100 annually. That means at least 1500 of those were diverted. $\$ 600,000$ for fully funding this program will continue those diversions, resulting in far less demand on inpatient services at the state hospitals.

DMH is in its third year of implementation of its Strategic Plan. The DMH Strategic Plan serves as a map for guiding the evolution of the DMH service system. The purpose of the Strategic Plan is to drive the transformation of the system into one that is outcome and community-based. Furthermore, the transformation of the system is guided by DMH's mission, vision, and values.

In the DMH Strategic Plan for FY 2012-2016, our vision for community services is described. To further this vision, DMH is requesting appropriations to expand the capacity of existing state-wide services or statewide coordination services to fully develop a quality continuity of care system. The goal is to have all services and supports available state-wide within five years. The Grand Total needed to provide these services and supports statewide, in addition to the requests previously mentioned, is $\$ 19,010,000$ (not counting a small part that is included with the Central Office Budget request).

Listed below are the specifics related to the FY 13 request based on the Strategic Plan goals:
Goal 1 - Maximize efficient and effective use of human, fiscal, and material resources

# NARRATIVE 2013 BUDGET REQUEST 

Department of Mental Health - Service Budget
Name of Agency
Increase match for waiver (included above)
State-level MAP Team Coordinator - \$64,000

Goal 2 - Continue transformation to a person-driven, community-based service system
Peer Specialists -Peer Specialists at each CMHC per \$60,000-\$900,000
CSU - One new unit - \$1, 500, 000
Funding for crisis service
Central Call-In Operations - $\$ 2,000,000$
Mobile Crisis Units at each CMHC (15) - \$4,005,000
Total - \$6,005,000
State Housing Coordinator, 3 Regional Coordinators, and Bridge Subsidy Program Funding - This is included in the Central Office Budget Request
Intensive CM Teams- One team at each CMHC - \$2,100,000
PACT team - One new site - $\$ 700,000$
Community Support Teams One team at each CMHC - \$1,500,000
Employment Specialist Coordinators - Two Specialists at each CMHC - \$900,000
In-home respite - Available to individuals with I/DD, C\&Y, and Alzheimer's - \$320,000

Goal 3 - Improve access to care by providing services through a coordinated mental health system and in partnership with other community service providers

Funding to expand MAP Teams at each CMHC for
Adults, children, and youth with SMI, SED, and IDD
(based on coordinator, MH Case Manager, IDD Case
Manager, and Peer Specialist as well as Flex Funding at each center) - \$4,000,000
Transportation call in Center and Ride Assistance- \$300,000
Telemedicine Utilization - \$500,000

Goal 4 - Implement evidence-based or best practice models and service outcome measures
Funds for training on four specific EB/BPs prior to implementation - \$120,000
Learning Collaboratives - \$68,000

Goal 5 - Utilize information/data management to enhance decision-making and service delivery
Funding for contractual IT person to do reports and web based applications - \$18,000
Funding needed to participate in MSHIN - \$15,000

Total requested increase is $\$ 47,710,000$. Summary:
Fully fund CMHC Medicaid match - $\$ 20,800,000$
Waiver match to enroll additional 1200 clients - $\$ 7,300,000$
Fully fund pre-admission screening evaluations - $\$ 600,000$
Fully fund listed strategic plan goals - $\$ 19,010,000$

## NARRATIVE

 2013 BUDGET REQUESTDepartment of Mental Health - Service Budget
Name of Agency

Our first priority is full funding of CMHC Medicaid match and pre-admission screening evaluations $(\$ 21,400,000)$. To the extent the funds may be available above that, we would appreciate the flexibility to allocate that among the remaining items so that the greatest good is done for the greatest number. No one item may be fully funded, and some may not be funded at all.
