AND TREASURY FUND/BANK ACCOUNTS**

Department of Mental Health - Service Budget

Name of Agency

**FEDERAL FUNDS**

The Service Budget of the Department of Mental Health is the designated state agency for the receipt of several large federal grants, nearly all of which are then sub-granted out to service providers to deliver statewide services to persons with mental illness, mental retardation, emotional disturbance, and substance abuse (a small amount from some grants is used for administrative costs in the Central Office). These service providers are the fifteen (15) regional community mental health centers, the residential facilities operated by the Department of Mental Health (all of which operate substantial community based programs in addition to institutional services), other state agencies (including the Department of Corrections and Department of Vocational Rehabilitation, among others), and a large number of other public and private not-for-profit entities.

The federal receipts are consistent with prior years, both in amounts and purposes for which they are used.

**STATE SUPPORT SPECIAL FUNDS**

The only funds requested in this category for FY 2015 is an appropriation of Healthcare Expendable Trust Funds in the same amount as was appropriated for FY 2014 in order to continue services at a consistent level.

**OTHER SPECIAL FUNDS**

Drug Court Assessment Funds received by the Service Budget are designated for Crisis Center Operations. 82.7% of actual Drug Court Assessment Funds are received by the Service Budget for that purpose. The other 17.3% of actual receipts goes to the Specialized Treatment Facility in Gulfport. A total of \$4,199,711 was actually received (\$3,473,115 to SB and \$726,596 to STF), which is a decrease from the prior year total of \$4,356,530.

1 - MENTAL HEALTH SERVICES

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Division of Community Services was established by action of the Board of Mental Health in 1974. The Division has the primary responsibility for development and maintenance of community based mental health services. Community mental health services are currently provided through 15 regional community mental health/mental retardation centers, the community services divisions of the residential psychiatric hospitals operated by DMH, and a number of other governmental and non-profit entities. Services provided include group homes, halfway houses, psychosocial rehabilitation, case management, partial hospitalization, day treatment, individual therapy, group therapy, family therapy, medication purchase, medical evaluation and monitoring, emergency 24-hour crisis intervention, Alzheimers treatment, and psychotropic medication injections.

The Bureau of Mental Health was created by the Board of Mental Health in 1986, and assumed oversight of the activities of the Division of Community Services and the state psychiatric hospitals. There are six residential facilities under the oversight of the Bureau of Mental Health (Mississippi State Hospital, East Miss. State Hospital, North Miss. State Hospital, South Miss. State Hospital, Central Miss. Residential Center, and Specialized Treatment Facility). In addition, there are seven crisis centers operated by four of these facilities, six of which are open and operating and one of which is currently under construction. The six operating crisis centers are in Cleveland, Grenada, Corinth, Batesville, Newton, and Purvis. The one currently under construction is in Brookhaven.

**II. Program Objective:**

The primary objective of mental health services is to provide timely programs and services in the community for seriously mentally ill patients as alternatives to institutional placement, thus enabling patients to be served in the least restrictive environment and as close to home as possible.

2 - INTELLECTUAL OR DEVELOPMENTAL DISABILITY

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Bureau of Intellectual or Developmental Disability (BIDD) is responsible for ensuring the provision of services to Mississippi's citizens who are mentally retarded or developmentally disabled. The Bureau was established by Mississippi Code Section 41-45.

BIDD provides funding and administration for an array of services encompassing institutional to community alternatives. The availability of a continuum of services allows the state's children and adults with mental retardation and developmental disabilities to obtain services in the least restrictive environment suitable to their individual situations in order to maintain maximum development and independence.

Specific responsibilities of the Bureau are administration of state appropriated funds for mental retardation services; administration of federal Developmental Disabilities funds and Social Services Block Grant funds for community services (community living arrangements, case management, child development, employment related activities, and work activity programs); administration of the Medicaid Home and Community Based Waiver option for persons with mental retardation, including provision of state funds required for match, to provide choices and options of community based services and supports; operation of six residential retardation centers; and collaboration with other agencies serving the state's citizens who are mentally retarded and/or developmentally disabled.

There are six residential facilities overseen by this Bureau as well: Boswell Regional Center, Ellisville State School, Hudspeth Regional Center, North Miss. Regional Center, South Miss. Regional Center, and Juvenile Rehabilitation Facility.

**II. Program Objective:**

The basic objective of BIDD is to assure that each individual who is mentally retarded and/or developmentally disabled will have every opportunity to develop his or her capabilities to the fullest extent in the least restrictive environment possible. To this end, the Bureau will provide an array of services and care which will include community living arrangements, case management, early intervention services, employment related activities, residential retardation centers, and work activity programs.

3 - CHILDREN & YOUTH SERVICES

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Division of Children and Youth Services was established by action of the Board of Mental Health in October, 1980, and became a part of the Bureau of Mental Health in 1986. It is responsible for determining the mental health services needs of children and youth in Mississippi and for planning and developing programs to meet those identified needs. Division personnel will direct, supervise, and coordinate the implementation of department funded children and youth mental health programs which are operated by community mental health service providers. The Division will develop and supervise evaluation procedures for these programs to ensure their quality and will oversee the enforcement of federal, state, and local regulations and department guidelines and standards.

**II. Program Objective:**

The overall objective of the Division is to develop a basic continuum of regionalized, community based mental health services for children and adolescents which will focus on family and community involvement. The continuum or system of care which will be put in place throughout the state will include prevention, outpatient, day treatment, crisis intervention, case management, and a variety of residential programs. The intent of having such a system in place will be to provide the most appropriate type of service needed by the child or adolescent as close as possible to his or her home and family in order that the family may be involved in the treatment. Having a range of appropriate services in place will prevent inappropriate institutionalization from occurring due to unavailability of alternatives.

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Division of Alcohol and Drug Abuse was established by the Mississippi Legislature in 1974 (Miss. Code sections 41-30-1 through 41-30-39) and became a part of the Bureau of Mental Health in 1986. The Division is responsible for establishing, maintaining, monitoring, and evaluating a statewide system of alcohol and drug abuse services, including prevention, treatment, and rehabilitation.

**II. Program Objective:**

The overall objective of the Division is to provide a continuum of community based accessible services to the citizens of Mississippi. The services include prevention, outpatient, detoxification, residential, inpatient, and aftercare services. These services must be monitored for quality of care and cost effectiveness. It is further the objective of the Division to work cooperatively with other state and local agencies to avoid duplication of effort and to facilitate the referral of clients into the alcohol and drug abuse treatment system.

AGENCY NAME

PROGRAM NAME

I. Program Description:

Crisis center in Newton, previously operated directly by Central Miss. Residential Center, still operated by CMRC but now it's via a grant through the Service Budget. (It was done this way because all seven had to be "just alike." Since the other six had funds transferred to the Service Budget to operate crisis centers as grants, CMRC's had to be done the same way even though CMRC was going to continue operating it.) So this one crisis center is actually reported TWICE: once via the Service Budget and again via the budget prepared for CMRC. The Service Budget program only reflects that funding made available through the Service Budget. The figures for this program in CMRC's budget may contain additional funding that does not flow through the Service Budget.

II. Program Objective:

To provide immediate treatment for acute mental illness ("crises") in a local setting prior to commitment in hopes that commitment will not be necessary.

1 Provision of community mental health services, including but not limited to purchase of psychotropic medications and provision of community based residential services, provide alternatives to inpatient treatment at state psychiatric hospitals. Provision of these services has a very positive impact on meeting the needs of mentally ill consumers in Mississippi, but it is difficult to quantify this impact in numerical terms. Absent community based services such as these, many patients would likely be added to the waiting lists for admission to the state hospitals, and many would likely end up homeless.	1.00	1.00	1.00

	<u>FY 2013</u> <u>ACTUAL</u>	<u>FY 2014</u> <u>ESTIMATED</u>	<u>FY 2015</u> <u>PROJECTED</u>
1 The services provided to the citizens of the state in community services through the Bureau of Mental Retardation are directed toward the mission of the Department of Mental Health, which is the provision of clinically appropriate services in the least restrictive environment possible. By providing ample opportunities for persons with mental retardation and developmental disabilities to live and work, citizens are offered a better system to take advantage of the home, family, and community supports that are available near their homes. These services offer people alternatives to institutional placement as a first priority. These services, provided in nearly all counties in the state, provide persons who have been institutionalized and who are ready to move an opportunity to have a place at or near their own homes and community along with the support system available there. Without these programs, the only alternative for many clients would be institutional placement, and the present mental retardation facilities all have lengthy waiting lists. Therefore, while it is difficult to quantify the benefits of these services in numerical terms, there is no question that these services reduce dependence on much more expensive institutional placements.	1.00	1.00	1.00

1 With an average length of stay of 9 months for group homes, which serve children and adolescents with serious emotional disturbance, and 3 months for the residential chemical dependency program, these services can effectively treat as many as 200 clients per year. Without the availability of these programs, these clients would most likely remain untreated for quite some time while awaiting admission to one of the residential programs operated by the state hospitals, both of which have long waiting lists. The other community services administered by this division also serve to treat clients much sooner than would be possible if those services did not exist, thus improving the quality of life for the clients and their families and often avoiding admission to acute psychiatric hospitals. Again, it is difficult to quantify the outcome of these programs in numerical terms, but their existence certainly reaps real benefits in the lives of the clients and families that receive services.	1.00	1.00	1.00

1 As with the other programs, it is difficult to quantify in numerical terms the impact this treatment has on the clients it serves. However, with an average length of stay of 28 days, approximately 8000 patients per year can be served. Substance abuse treatment often does not result in a total cure, with national statistics indicating that at least 70% to 80% of clients return to abusing substances following treatment. However, the process of treatment has been demonstrated to improve the quality of the client's life, and has even saved lives, even when substance abuse recurs. Therefore, while statistical documentation of the impact of community based substance abuse services cannot be obtained, the absence of such services results in severe social consequences.	1.00	1.00	1.00

**NARRATIVE  
2015 BUDGET REQUEST**

Department of Mental Health - Service Budget  
Name of Agency

The Service Budget has this appropriated spending authority for FYE 6/30/14:

General funds - \$31,009,098  
Healthcare funds - \$9,001,747 (a state source special fund)  
Capital expense funds - \$2,400,000 (a state source special fund)  
Court assessment funds - \$3,473,115  
Federal funds - \$18,217,633  
Total - \$64,101,593

General funds and the two state source special funds, the total of which is \$42,410,845, is used as follows:

1. Adult mental health grants - \$6,592,452
  2. Crisis centers and one PACT team - \$6,253,387 (this activity also uses \$3,473,115 in court assessment funds)
  3. IDD grants - \$2,068,149
  4. Children and youth grants - \$2,694,895
  5. Alcohol and drug grants - \$310,223
  6. Alzheimer's grants - \$499,739
  7. Pre-evaluation screenings - \$650,000
  8. Epilepsy foundation - \$122,000
  9. Expansion of community based services (additional detail follows) - \$10,000,000
  10. Home and Community Based Waiver match - \$10,820,000
  11. Roof replacements (Capital expense funds) - \$2,400,000
- Total - \$42,410,845

No increase or decrease is requested for FYE 6/30/15. Level funding is requested, including spend down of cash balance.

\$10,000,000 to address expansion of community based services was provided by the legislature for FYE 6/30/14 (\$9,795,000 from General funds and \$205,000 from Healthcare funds), and continuation of that funding in FYE 6/30/15 is requested so that programs begun with those funds can be continued. These programs are:

1. 15 Mobile crisis teams across the state
2. 3 out of home crisis stabilization beds
3. 200 IDD waiver slots
4. Targeted case management and community supports
5. 15 peer support specialists
6. Supported employment for 90 individuals with mental illness and 90 individuals with intellectual and developmental disability
7. Wrap around services for children
8. Outreach to develop programs to educate individuals and families regarding community integration and housing transitions
9. Training for service providers regarding recovery model, person-centered planning, and system of care principles
10. Quality assurance improvements

\$2,400,000 to address roofing concerns at DMH facilities was also provided by the legislature for FYE 6/30/14. This funding will be allocated from the Service Budget to provide roofs at those DMH facilities with the greatest need, but even with insurance to cover hail damage from the storm in March of 2013, there will remain roofing needs. The Service Budget is requesting this funding source be continued into FYE 6/30/2015 as well.

It is possible that a deficit general fund appropriation for states share of Medicaid for FYE 6/30/14 will be sought

during the 2014 legislative session. The state share required by the federal government changes each October 1, and generally increases. This table shows a recent history:

7/1/2011 - 25.27% (this change was due to termination of the enhanced federal share under the American Recovery and Reinvestment Act, immediately prior to which the state share was 19.85%)

10/1/2011 - 25.82%

10/1/2012 - 26.57%

10/1/2013 - 26.95%

10/1/2014 - estimated 27.75% (this represents about the same rate of increase from 10/1/2011 to 10/2012; while the increase from 10/1/2012 to 10/1/2013 was about half that amount, the general consensus is that states should expect higher state share requirements for the basic Medicaid program, and DMH feels the increase from 2011 to 2012 is more reflective of the future).

Even relatively small changes in percentages result in some relatively large dollar amounts when applied to relatively large dollar amounts. DMH Medicaid receipts, including the Home and Community Based Waiver program, currently run around \$302 million in any given year. At a state share of 25.27%, \$76,315,400 would be required for that amount of Medicaid receipts, and an increase to 26.95% raises the state share to \$81,389,000. Increasing the state share to 27.75% would raise the ante to \$83,805,000, and the trend has been cuts to state source funding, not increases.

Comparing 6/30/13 to 6/30/08, our state source funds have been cut \$38,265,000, after adjusting for the fact that we are no longer required to spend \$20 million a year on CMHC Medicaid match.

Here's a running history of "state source funds"

FY08 - \$282,649,000

FY09 - \$265,194,000

FY10 - \$224,424,000

FY11 - \$216,826,000

\*\*FY12 - \$249,300,000

FY13 - \$224,384,000

\*\*FY 2011 was the last year Mississippi benefitted from the enhanced share of Medicaid under the American Recovery and Reinvestment Act. That meant that the state share of Medicaid, which was included in DMH's appropriation both of those years, increased dramatically from 2011 to 2012. We needed, in fact, \$257,300,000 in state source funds for 2012 just to be funded at the same level, in economic terms, as 2011. The difference is entirely due to increased need for state source funds to match against the same level of federal Medicaid funds. We actually received \$249,300,000, which means that what appears to be an increase of \$32.5 million is, in economic terms, a cut of \$8 million.

DMH began efforts to reduce the cost of existing operations prior to 2008. We anticipated the recession, but didn't anticipate how bad the budget cuts would be. In response to the required budget cuts over the past several years, DMH has focused on impacting the least number of people in the least negative way. The services and supports impacted were 100% general funds.

While we have been able to absorb some of the budget cuts, the cuts have resulted in the downsizing of facilities, fewer employees, loss of early intervention programs, and the loss or reduction of other programs.

Below are a few examples of how DMH addressed the budget cuts:

1. Mississippi State Hospital and East Mississippi State Hospital has focused on assessing services to determine areas

**NARRATIVE  
2015 BUDGET REQUEST**

Department of Mental Health - Service Budget  
Name of Agency

where we could reduce the cost of existing operations. Through a systematic approach over the last several years, MSH and EMSH have reduced the number of adult psychiatric beds by 500. EMSH was able to absorb budget cuts by closing some adult psychiatric beds and moved individuals to five group homes which are more cost effective and provides services to people in the community.

2. Mississippi State Hospital consolidated 11 nursing home facilities into 10 facilities. The consolidation resulted in the closure of 36 beds.

3. In June 2010, DMH closed a 16-bed unit at the Mississippi Adolescent Center in Brookhaven for youth with intellectual and developmental disabilities, leaving 32 beds.

4. In 2009 and 2010, DMH closed some early intervention programs across the state. The programs were designed to enhance the development of infants, toddlers and young children with disabilities or children who are at risk for developing disabilities.

5. More than 15,000 people were impacted by reduction or loss of services such as medication purchases, group homes, case management, halfway houses, crisis intervention, physician services, child development programs, and work activity programs due to cuts in grant funding.

6. Approximately 650 people have been impacted by cuts to Day Support for individuals with intellectual and developmental disabilities.

7. Boswell Regional Center's Brookhaven Day Habilitation Program reduced the number of services offered. These services are designed to assist and support individuals in retaining and/or improving skills which afford them the greatest level of independence possible. Day Habilitation Programs are required to provide individuals with numerous and varied opportunities to participate in activities in the community rather than in a center-based program.

8. In FY08, DMH had a total of 8,971 employees. In FY12, DMH had a total of 8,148. This is a difference of 823 employees.

9. DMH's average daily census has dropped from 3,840 in 2008 to 3,438 for the year ended June 2012.

DMH has, for the most part, absorbed these cuts by decreasing services provided to non-Medicaid clients. But the point has been reached that further decreases to non-Medicaid clients will have very serious consequences to Mississippi residents. Remaining early intervention programs are now at serious risk for closure, and some of them have already closed (Boswell Regional Center, Hudspeth Regional Center, and South Miss. Regional Center). Closures have occurred in or near major metropolitan areas where similar, but not as effective, services may be available, but further closures will be in areas where there are simply no other alternatives. Early intervention programs serve clients from birth through age three, a critical developmental period during which great strides can be made if services are provided, but if services are delayed beyond that point, those improvements become much more difficult, if not impossible, to effect.

As previously mentioned, DMH may request a deficit appropriation for FYE 6/30/14 due to increased need for state share of Medicaid. Reasonable estimates are:

Deficit request spread among DMH facilities that provide on campus Medicaid services, collectively - \$1,300,000 to \$2,600,000 (which represents a range of one-half percent to one percent of Medicaid income).

Deficit request for HCBS waiver match (in Service Budget) - \$250,000 to \$500,000, depending on enrollments and the services required by those new clients.

**NARRATIVE  
2015 BUDGET REQUEST**

As also previously mentioned, this could result in an amended increase request for FYE 6/30/15 for DMH entities that provide on campus Medicaid services. That request can be more accurately estimated in January of 2014 than it can right now.
