AND TREASURY FUND/BANK ACCOUNTS**

Mississippi State Board of Funeral Service

Name of Agency

**OTHER SPECIAL FUNDS**

Fund 3833 is comprised of fees received from licensing establishments and individuals as funeral directors, funeral services, and resident trainees. The funeral establishments are required to be licensed every other year (in December) and the funeral service and funeral directors are licensed in alternating years (in June). The licenses of the funeral homes generate the majority of the Board fees which provide for approximately 18 months of operating expenses. The licenses of the funeral directors and funeral services provide the remaining six months of operating expenses. The two-year funding cycle covers the operations of the agency for a two-year cycle.

It is anticipated that fees will continue to decline based on the number of licensees issued to funeral directors and funeral services due the trend of less licenses issued each year.

NOTE: Fees in even years are always less than those in odd years due to the licensing cycles. The decline in fees between FY12 and FY14 was almost 40%.

**TREASURY FUND/BANK**

This is a special clearing account at Trustmark Bank.

Mississippi State Board of Funeral Service

Name of Agency

The Mississippi Board of Funeral Services is responsible for overseeing and issuing licenses to funeral home establishments, funeral home directors, crematorium operators and resident trainees under apprenticeship. The Board is also charged with inspecting licensed establishments and responding to complaints. The Board performs all these duties with one full-time Executive Director, a part-time contract worker and a seven member Board.

This past year, the legislature provided spending authorization for the Board to hire investigators to conduct mandated inspections. The inspection program was implemented by contracting with three individuals from various regions of the State to perform at least six inspections monthly and investigate complaints. The number of inspections conducted has enabled the Board to meet its goal of inspecting each facility bi-annually.

The funding for the agency is generated solely from license and inspection fees. The licenses are renewed on a bi-annual basis so revenue from year to year is not consistent; more revenue is generated in odd numbered years. The Board generally generates enough revenue to fund its operations; however, if the decline in licensees continues, the Board may be forced to increase its fees in subsequent years.

The Board anticipates a decrease in travel expense due to the hiring of independent contract inspectors in lieu of paying Board members to conduct inspections. This decrease will partially fund the requested increase in contractual services. Since the inspectors are required to pay their own expenses, we are requesting a slight increase in their contracts in FY16. The Board must also fund the increase in DFA charges which are projected to be almost 100% higher in FY16 than the FY14 expenditures for these same services. All other categories of expenses are requested at the FY15 appropriated levels. The overall increase for the Board for FY16 is \$2,841 which is less than 1% over our FY15 appropriation.
