NARRATIVE OF SPECIAL FUNDS DETAIL AND TREASURY FUND/BANK ACCOUNTS

Mississippi Department of Transportation (941-00)

Name of Agency

FEDERAL FUNDS

The Federal Highway Administration provides the primary source of federal funding for the Mississippi Department of Transportation ($860.6 million in FY 2025). Also, the Federal Transit Administration, the Federal Aviation Administration, the Federal Rails Administration and the Department of Public Safety provided funding to the Mississippi Department of Transportation ($26.8 million in FY 2025). As part of the FY2020 CARES Act, the Federal Transit Administration allocated $49.7 million in Section 5311 Rural Area funding to be administered by MDOT's Public Transit Division. 100% of this funding will pass through to local transit agencies to be used on operations and capital expenditures. MDOT received reimbursement from the Federal Transit Administration for CARES Act funds in the amount of $.5 million to bring total federal funds to $887.9 million in FY2025. The match requirement on Federal Funds ranges from 0-20%. MDOT utilizes all Other Special Funds as a source for match. MDOT is required to match Federal Funds first per MS Code Sections 27-5-101 and 65-1-141.

OTHER SPECIAL FUNDS

The state's Motor Fuel Tax provides the primary source of state funding for the Mississippi Department of Transportation ($313.8 million in FY 2025). Other sources include Truck and Bus Privilege Taxes/Permits ($90.9 million), Lottery Proceeds Funds ($73.5 million), and Tag Fees ($19.8 million). MDOT received a total of $566 million in Other Special Funds in FY2025.

TREASURY FUND / BANK

MDOT maintains twelve imprest bank accounts with total deposits of $1,050,000. MDOT also maintains several collection accounts from which money is collected and deposited into Fund 3941.

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	1 - Maintenance
Name of Agency	Program Name

I. Program Description:

MDOT’s maintenance program consists of all routine activities necessary for the preservation of the state-maintained roads of Mississippi. Routine maintenance activities include restoring the roadway surface by patching potholes, patching and blading roadway shoulders, assuring proper right-of-way drainage by ditch cleaning and drainage improvements, controlling roadside vegetation by mowing and herbicide applications, and the replacement of pavement markings and traffic control devices. Extraordinary or major maintenance activities include hot mix asphalt overlays, seal coats, and drainage structure replacements. When necessary, removal of snow and ice, and roadway and bridge emergencies become top priority. USDOT does not allow routine maintenance activities to be paid for with federal funds so only non-federal funds are used in the maintenance program.

II. Program Objective:

MDOT's maintenance program objective is to assure that the highways of Mississippi are maintained at, or upgraded to, an acceptable level of service. This level of service is limited by the capacity for which the facility was originally designed and constructed.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2026 & FY 2027Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Routine Maintenance:

The FY2027 budget request is dependent upon the availability of Other Special Fund revenues. We have increased the Maintenance program request by approximately $50 million due to the increase in Fuel Tax revenue projected for FY27. The additional funding is placed primarily in Contractual and Commodities.

(E) Maintenance Overlay:

The FY2027 budget request is dependent upon the availability of Other Special Fund revenues. We have increased the Maintenance program request by approximately $50 million due to the increase in Fuel Tax revenue projected for FY27. We have increased Capital Outlay - Other for FY2027.

Form MBR-1-03NA

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	2 - Construction
Name of Agency	Program Name

I. Program Description:

MDOT's construction program consists of all activities necessary for the creation, development, and preservation of state-maintained highways and related facilities. These activities include reconstruction, resurfacing, restoration, rehabilitation, preservation, construction, improvements or modifications to the state highway system.

The principal transportation programs established by the Mississippi Legislature (1987 Four-Lane Highway Program, Vision 21 Program, and Gaming Roads Program) as well as the Federal Interstate and US Highway Systems are accounted for within the Construction Program.

Federal Highway Administration (FHWA) funds are accounted for within the Construction Program. This includes the pass-through FHWA funds for State Aid and Locals.

II. Program Objective:

The Construction Program objective is to preserve the state's infrastructure assets; ensure high standards of safety in the state highway system; and improve mobility for Mississippi's people, commerce and industry.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2026 & FY 2027Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Continuation of Three Year Plan:

FY 2027 levels are based on the anticipated spend-out of construction projects as laid out in the three year plan. We have increases in all categories with the exception of Commodities and Vehicles, which had slight decreases. We have increased the Construction program request by approximately $42 million due to the increase in Fuel Tax revenue and a slight increase in FHWA funding projected for FY27.

Form MBR-1-03NA

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	3 - Administration & Other
Name of Agency	Program Name

I. Program Description:

MDOT's Administration Program provides direct support to the production functions of the department and includes executive management (central office and districts), external legal counsel, internal audit staff, public affairs, human resources, financial management, budget, asset management, procurement, information systems, civil rights, and the disadvantaged business program. Certain agency equipment purchases, as well as buildings and lots, are accounted for in the administration program.

II. Program Objective:

MDOT's Administration Program objective is to provide adequate support to the primary operational programs of the department (maintenance, construction, aeronautics, rails, ports and waterways, and public transit) to maximize the potential for goal and objective achievement by those programs.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2026 & FY 2027Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Administration Program:

The Administration Program request for FY2027 is identical to the amount appropriated for FY2026.

Form MBR-1-03NA

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	4 - Bonded Debt Service
Name of Agency	Program Name

I. Program Description:

MDOT's debt service program is used to account for costs related to bond debt (issuance costs, principal payments, interest payments, and bank service and charges).

II. Program Objective:

The debt service program seeks to provide a means for paying all debt service costs attributable to the department.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2026 & FY 2027Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Debt Service:

The Debt Service program request for FY2027 includes debt service associated with HELP Bond projects, Master Lease interest, and a $5 million transfer to the Treasurer made as a provision of SB3181, 2010 Session. The Debt Service program will decrease over the next several years as the HELP debt service phases out. The final HELP debt service payment is scheduled for 2032.

Form MBR-1-03NA

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994
(To Accompany Form MBR-1-03)

Mississippi Department of Transportation	5 - Aeronautics & Rails
Name of Agency	Program Name

I. Program Description:

MDOT's Aeronautics Division provides assistance to the publicly owned airports by conducting safety inspections of public use airports.

MDOT's Rails Section administers state and federal grant funds and conducts statewide safety inspections and projects.

MDOT's Public Transit Division allocates and oversees federal transit funds to private non-profit organizations and local, state, and tribal governments to provide mass transit services.

MDOT's Ports and Waterways Division serves as an advocate of ports through planning, promotion, data collection, and technical assistance.

The Multi- Modal Transportation Improvement Program was established by the Mississippi Legislature in 2002. It creates a special fund, the Multi- Modal Transportation Improvement Fund (MMTIF), into which state funds may be deposited for MDOT to reimburse subrecipients for improvement of airports, ports, railroads and transit systems in the state. The purpose of the MMTIF is to provide funds for high priority projects that will have high economic impacts and for which funds are not otherwise available.

II. Program Objective:

The Aeronautics, Rails and Other Program seeks to oversee and support viable, safe, and effective intermodal transportation systems within the state of Mississippi, along with providing public transit to persons living in rural and small urban areas.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2026 & FY 2027Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Aeronautics, Rails, Ports & Public Transit:

There has been an approximate increase of $2.5 million in the overall Aeronautics, Rails, Ports and Public Transit Program from FY2026 appropriated to the FY2027 request. Under the IIJA, FTA funding was increased for MDOT.

NARRATIVE
2027 BUDGET REQUEST

Mississippi Department of Transportation (941-00)

Name of Agency

Salaries, Wages and Fringe Benefits - MDOT is requesting full funding of salaries and benefits for authorized positions. To maintain operational capacity, we have identified 89 critical positions that must be filled. Our recent success in attracting qualified candidates has been largely due to offering competitive wages, and it is imperative that we maintain this advantage. Accordingly, we propose awarding on average $1,900 adjustment to over 2,000 employees to remain aligned with market trends. In addition, we have implemented performance-based compensation plans that will provide more than $3 million in increases to high-performing employees, reinforcing our commitment to recognizing and retaining excellence.

Travel - In-state travel reflects the day-to-day work of the department to preserve and develop the state's transportation network. Travel in the Maintenance Program is critical to support traffic signals and signage throughout the state. Within the Construction Program, there are a large number of construction projects on-going that require employees to travel to support preliminary engineering, right of way acquisition, and construction planning. Projects also require inspections and field reconnaissance at several stages – from location through final inspections. Additionally, members of our staff serve on many national task forces and committees that conduct research and establish guidelines for state DOTS.

Contractual Services - Included in the contractual services part of the Maintenance Program are concrete repair contracts, litter pickup, timber and brush cutting, and other minor miscellaneous highway and bridge repair projects. MDOT is continuing to provide janitorial and maintenance services and 24-hour security to eleven welcome centers and thirteen rest areas. The department also maintains mowing contracts throughout the state, and roadway sweeping contracts for our urban areas. Within the Construction Program, there are a considerable number of projects which require construction engineering supervision and inspection that our in-house engineers cannot fully staff. Due to increased workload, demand for services and a decrease in available engineers, consultant firms will be required to complete some design plans. Other contracts utilize engineering consultants for noise studies, feasibility studies, environmental studies, etc. and have been adjusted to meet federal requirements and other privatization needs resulting from insufficient Department/Division staff.

Commodities – This level of funding reflects MDOT'S commitment to routine maintenance activities and includes items such as asphalt, fuel, and aggregates.

Capital Outlay – Equipment - In preparing the annual equipment budget, a prioritized list of equipment and vehicle needs are submitted by each District and Division within the agency. The majority of vehicle and equipment use is directly related to the maintenance and development of Mississippi's highway and interstate system.

Capital Outlay – Other - FY 2027 levels are based on the anticipated spend-out of construction projects as laid out in the three-year plan. MDOT also plans to use $50 million for projects in the Maintenance program and the Lottery Proceeds Fund for projects as approved by the Commission. Capital Outlay-Other also includes costs associated with Right-of-Way land acquisition. The building budget is used primarily to maintain the infrastructure of our existing 627 buildings on 144 lots. The buildings include welcome centers, rest areas, district offices, project offices, maintenance area headquarters, maintenance county offices/shops, laboratories, equipment shops, warehouses, and equipment/material storage sheds.

Subsidies, Loans and Grants – Pass-Throughs; Include the flow-through funds for the local road and bridge system and associated earmarks and subsidies that flow through the Aeronautics, Rails, Ports and Public Transit programs. As part of the FY2020 CARES Act, the Federal Transit Administration allocated $49.7 million in Section 5311 funding to MDOT's Public Transit Division. 100% of this funding will pass through to local transit agencies to be used on operations and capital expenditures. As part of the Infrastructure Investment and Jobs Act (IIJA), MDOT's Public Transit Division received an additional federal allocation over the five-year span of the program.

OUT-OF-STATE TRAVEL

FISCAL YEAR 2027

Mississippi Department of Transportation (941-00)

Name of Agency

Note: All expenditures recorded on this form must be totaled and said total must agree with the out-of-state travel amount indicated for FY 2025 on Form Mbr-1, line 1.A.2.b.

Authority to Collect (Code Section)	Miss. Code Ann. § 25-61-7
Method of Determining Assessment	MDOT SOP ADM-06-03-00-000
Method of Collection	Cash, check, or money order

Amt. & Purpose for which Expended

Purpose	Amount
Recover costs for processing open records requests	$ 7,572.93

Garnishment Fees
Fund Deposited: 3394100000

Amount Assessed	$ 104.00
Amount Collected	$ 104.00
Authority to Collect (Code Section)	Miss. Code Ann. § 11-35-15
Method of Determining Assessment	Miss. Code Ann. § 11-35-15
Method of Collection	Check

Amt. & Purpose for which Expended

Purpose	Amount
Defray costs for processing garnishments	$ 104.00

Donations
Fund Deposited: 3394100000

Amount Assessed	$ -
Amount Collected	$ 15,000.00
Authority to Collect (Code Section)	Miss. Code Ann. § 65-1-8 (2)(a)
Method of Determining Assessment	Donation by Southern Association of State Highway and Transportation Officials for a scholarship program
Method of Collection	Check

Amt. & Purpose for which Expended

Purpose	Amount
Ongoing Scholarship program in which funds are accumulated and reimbursed through the Graduate Level Reimbursement Program to those individuals working on graduate level degrees in Civil Engineering.	$ 3,517.50

Statewide Litter Fund Donations
Fund Deposited: 3394400000

Amount Assessed	$ -
Amount Collected	$ 325.00
Authority to Collect (Code Section)	Miss. Code Ann. § 63-1-43
Method of Determining Assessment	$1 voluntary donation on drivers license application
Method of Collection	Collected as a part of Driver's license fee

Amt. & Purpose for which Expended

Purpose	Amount
	$ -

Rent of State Property
Fund Deposited: 3394100000

Amount Assessed	$ 27,906.78
Amount Collected	$ 27,906.78
Authority to Collect (Code Section)	Miss. Code Ann. § 65-1-123 (8)
Method of Determining Assessment	Miss. Code Ann. § 65-1-123 (8)
Method of Collection	Check

Amt. & Purpose for which Expended

Purpose	Amount
Used on the maintenance of the State Highway System	$ 27,806.78

Interstate Logos
Fund Deposited: 3394100000

Amount Assessed	$ 3,029,034.12
Amount Collected	$ 1,500,000.00
Authority to Collect (Code Section)	Miss. Code Ann. § 65-1-8(t)
Method of Determining Assessment	Contract between MDOT and Mississippi Logos, MTC Approved 1/27/2012, Bk 17, Pg 64

		89	$4,620,104.10	$1,293,629.15	$5,913,733.25

Narrative:

To maintain operational capacity, we have identified 89 critical positions that must be filled. Our recent success in attracting qualified candidates has been largely due to offering competitive wages, and it is imperative that we maintain this advantage. Accordingly, we propose awarding on average $1,900 adjustment to over 2,000 employees to remain aligned with market trends. In addition, we have implemented performance-based compensation plans that will provide more than $3 million in increases to high-performing employees, reinforcing our commitment to recognizing and retaining excellence.
