**Agency Description and Programs**

The Schools for the Blind and Deaf are nine-month, residential schools established to provide an educational program for children with visual and/or hearing handicaps. The School for the Blind was created in 1848 and the School for the Deaf was created in 1854. House Bill 659 of the 1989 Regular Legislative Session reorganized and merged the two schools with the Department of Education.

**1. Instruction**

This program educates residential and daily transported blind, visually impaired, and hearing-impaired students, pre-K through 12th grade.

**2. Student Services**

This program provides for the social, emotional, and psychological needs and academic enrichment for all students. Additionally, these schools provide some support services for other visually impaired and hearing-impaired students enrolled in LEAs.

### 3. Operation and Maintenance

This program provides for the health and safety of the students/staff and incorporates aesthetic features that contribute to a positive educational atmosphere. This program also provides support in the areas of physical plant maintenance, student transportation, and food services.
