**Agency Description and Programs**

Section 57-55-5, Mississippi Code of 1972, established the Law Research Institute as an official advisory law revision, research and reform agency of the state. The mission of the Institute is to examine and study the law of Mississippi with the objective of identifying defects, inequities and needed improvements; to receive and consider suggestions from legislators, judges, and other public officials, lawyers and the general public as to defects and anachronisms in the law; to advise and assist local governments, state agencies, and associations; to provide in depth and comprehensive legal research and recommendations to the Mississippi Legislature and other agencies of the state and local government for improvement of the jurisprudence of the state.

**1. Research**

This program provides law research to promote and encourage the clarification and simplification of the law of Mississippi, to improve the administration of justice, and to carry on scholarly law research in anticipation of legal requirements for the efficient utilization and conservation of the natural resources of the state and the promotion of social, agricultural, industrial and commercial development.
