Agency Description and Programs

The ARPA Rural Water Associations Infrastructure Grant Program was created in House Bill 1421 of the 2022 Regular Legislative Session to assist rural water associations in constructing eligible drinking water projects. The legislative intent was to obligate 20% of the funds appropriated to projects with complete plans and specifications, necessary land and easements, and ready to proceed to construction.

House Bill 1538 of the 2022 Regular Legislative Session appropriated \$300,000,000.00 to the State Department of Health – ARPA Rural Water Associations Infrastructure Grant Program. These funds were appropriated through the Coronavirus State Fiscal Recovery Funds (CSFRF).

1. Infrastructure Fund

This program helps rural water associations construct eligible drinking water projects.
