Agency Description and Programs

The Victims of Crimes Act (VOCA) Grants were established to support victim assistance programs throughout Mississippi. Sub-grants support direct services to victims of crime. Direct services include, but are not limited to, crisis counseling, information and referral, criminal justice support and advocacy, shelter services, and mental health services. VOCA funds may also support emerging needs (such as human trafficking), gaps in services (legal services for victims), and limited workforce development opportunities. Additional funds were provided for VOCA in Fiscal Year 2023 in the State Department of Health (301-00).

1. VOCA Grants

This program provides reimbursable grants to entities up to the difference between the 2021 and 2022 Victims of Crimes Act (VOCA) Grants awarded to the department.
