Agency Description and Programs

The Offices of Vocational Rehabilitation and Vocational Rehabilitation for the Blind are allowed, by federal and state program mandates, to enter into cooperative agreements with entities serving blind and visually impaired individuals.

1. Establishment and Construction Grants

This program oversees the source of the federal funding, Title I, Section 110, Basic Support Grant, with required matching funds (currently 21.3% for establishment grants and 50% for construction grants) provided by the cooperating entity. By allowing cooperating entities to provide the matching funds, the Department can maximize services using non-general funds and needs only expenditure authority for the federal funds on these projects.
