

**MISSISSIPPI STATE FAIR COMMISSION
SUPPORT BUDGET**

**5 YEAR STRATEGIC PLAN
FOR FY 2020 THROUGH FY 2024
430-00**

MISSISSIPPI FAIR COMMISSION

1. Comprehensive Mission Statement:

The primary mission of the Mississippi State Fair Commission is to manage the 105 acre Mississippi State Fair Grounds Complex, produce the Mississippi State Fair, the Dixie National Livestock Show and Rodeo, as well as assist in the promotion and payment of premiums to the County Livestock Shows, District Livestock Show, Miss Junior Round-Up, and the State Fall Dairy Shows. The Fairgrounds is a special fund agency that strives to expand opportunities in the area of entertainment and agricultural education and is operated for the benefit of all Mississippi citizens.

2. Philosophy:

The Mississippi Fair Commission is committed to providing a safe and clean environment while furthering its mission statement goals and objectives. The philosophy of the commission is to maintain the highest levels of professionalism at all times utilizing accepted industry standards and best practices. Outstanding customer service and a proactive approach to addressing challenges will be practiced in order to attain the highest levels of excellence in performance as possible.

3. Relevant Statewide Goals and Benchmarks:

The Mississippi Fair Commission covers a wide array of responsibilities in relation to public service and has oversight and management of the Mississippi State Fairgrounds. The grounds include the Mississippi Coliseum, Mississippi Trade Mart, the Kirk Fordice Equine Center, multiple livestock arenas and support buildings. The Mississippi Legislature has given this responsibility to a seven member board and an appointed executive director to manage this state property and to facilitate the stated goals below.

Statewide Goal: To develop and maintain a viable economic impact location that serves the State of Mississippi in the areas of first class entertainment, education, outreach, and public service.

Statewide Benchmark: Financial balance that allows for future viability and growth to further the mission of the Mississippi Fair Commission.

Statewide Goal: To make available quality educational programs in relation to livestock, offer technical service in animal husbandry, and provide outreach programs through the FFA and 4-H organizations to Mississippi's youth and overall general public.

Statewide Benchmark: Measurements would include the number of outreach and awareness programs, as well as, participation in these programs from youth entries.

4. Overview of the Agency 5-Year Strategic Plan:

The Mississippi State Fair Commission, over the next five years, plans to increase revenue through strategic planning and revised focus in relation to different forms of management implementation in the areas of event planning, promotion, and expansion.

Another avenue the Mississippi State Fair Commission plans to address over this period of time is the structural and outward appearance of the facilities on the Fairgrounds Complex. This will be accomplished through support from the Mississippi Legislature, the Bureau of Buildings, and private industry. The needed support over this five year period would be approximately \$55 million.

The Mississippi Fair Commission plans to continue revenue growth by adding events and features to existing shows and increasing new event participation.

The Commission will focus resources toward public safety through increased coordination with the relevant law enforcement agencies and other enforcement agencies. This will include areas of grounds safety, event safety, emergency management planning, and traffic control.

The Fair Commission anticipates that the need for additional staff will be required over this time period. This would include additional marketing, communications, event management staff, security staff and operations staff. These additions, plus existing staff, would require relevant and needed training which will require cost associated with class work and travel. These staff additions and further training would enable the Fair Commission to increase revenue, increase staff retention, expand professional development, and be competitive with surrounding venues in relation to events, staffing, and management.

The Mississippi Fair Commission requests over the next five years the support from the Legislature for adequate funding for additional manpower, upgrades to facilities, as well as, proper training and support to remain viable and productive.

5. Agency External/Internal Assessment

- Failing infrastructure of facilities
- The status of the overall state and national economy
- Weather variables in relation to events
- Funding from sources both private and public
- The influence of state and local government
- Disposable income availability for entertainment
- Lack of trained and competitively paid staff
- Event rental consistency

6. Agency Goals, Strategies, and Measures by Program for FY2020 through FY 2024:

(Programs are listed in accordance to established Legislative budgeting purposes and not a reflection on rank of importance within the Mississippi Fair Commission.)
